701 East Broadway, Columbia, Missouri 65201

Department Source: Public Works
To: City Council
From: City Manager & Staff
Council Meeting Date: March 2, 2026
Re: Authorize a supplemental agreement to a cost share agreement with the Missouri Highways and Transportation Commission for the Broadway (Maplewood Dr to West Blvd) sidewalk project.
Impacted Ward: Ward 4

Executive Summary

Authorize the City Manager to execute a supplemental agreement to a cost share agreement with the Missouri Highways and Transportation Commission (MHTC) for construction of the Broadway (Maplewood Dr to West Blvd) sidewalk project at an estimated cost of $616,245.

Discussion

On August 5, 2024, Council adopted the ordinance B171-24A authorizing the City Manager to execute a cost share agreement with the Missouri Department of Transportation for federal Transportation Alternatives Program (TAP) funding for the Broadway (Maplewood Dr to West Blvd) sidewalk project. The TAP grant provides federal funds for infrastructure projects that aid in non-motorized transportation. The program is administered through MoDOT. The supplemental agreement revises the timeline for construction contract award of the project from June 1, 2026 to December 1, 2026. The timeline has been pushed back because of unforeseen circumstances that occurred during the design of the project.

The Broadway sidewalk project proposes to fill in a sidewalk gap along the south side of Broadway between Maplewood Dr. and West Blvd. This proposed sidewalk project will include construction of a 5-foot wide concrete sidewalk with a 3-foot wide grass parkway. The project will also include reconstruction of the driveway approaches to tie in with the proposed sidewalk. The project is listed in the City Sidewalk Master Plan and was also included in the City's list to MoDOT of projects requested to be included on MoDOT Multimodal Unfunded Needs list. Having a continuous sidewalk along the south of Broadway is highly important as there are only a few locations for pedestrians to cross safely to the existing sidewalk along the north side.

The federal funding match for the project is up to 80 percent of the costs with a not to exceed amount of $441,732.00. The ¼-cent Capital Improvement Program sales tax will fund the City's match. The total project cost estimate is $616,245.

Fiscal Impact

Short-Term Impact: Total funding for the City's match is anticipated to be $174.513 for the sidewalk project.

Long-Term Impact: Sidewalks will be maintained by the adjacent property owners.

Strategic & Comprehensive Plan Impact

Strategic Plan Impacts:
Primary Impact: Reliable and Sustainable Infrastructure, Secondary Impact: Inclusive and Equitable Community, Tertiary Impact: Tertiary

Comprehensive Plan Impacts:
Primary Impact: Infrastructure, Secondary Impact: Mobility, Connectivity, and Accessibility, Tertiary Impact: Inter-Governmental Cooperation
