

TRIAL A

Ward-Population Exchanges

<u>2020 populations - pre-reapportionment</u>	<u>2020 populations per ward</u>	<u>Target Population (Average)</u>	<u>Status</u>	<u>Difference</u>	<u>Ward</u>	<u>Trial A</u>					<u>Remaining</u>	<u>Final Population</u>	<u>Ward</u>
Ward 1	22,158	21,042	Gives	-1,116	Ward 1	1125	-	-	-	-	9	21,033	Ward 1
Ward 2	19,689	21,042	Needs	1,353	Ward 2	-1125	-	-	-	-	228	20,814	Ward 2
Ward 3	21,052	21,042	Gives	-10	Ward 3	-	-	-	-	-	-10	21,052	Ward 3
Ward 4	19,198	21,042	Needs	1,844	Ward 4	-	-	-	-1853	-	-9	21,051	Ward 4
Ward 5	22,207	21,042	Gives	-1,165	Ward 5	-	-	-	1853	-695	-7	21,049	Ward 5
Ward 6	21,950	21,042	Gives	-908	Ward 6	-	-	-		695	-213	21,255	Ward 6
2020 Columbia Population	126,254											126,254	Total
Target (average of all Wards):	21,042												

FYI:

- The 'Target Population (Average)' column is the average (sum of each Ward's population / 6) of all six Wards, as they were reported from the 2020 Census
- 'Status' - 'Gives' means that Ward has more population than the corresponding 'Target Population (Average)'
- 'Status' - 'Needs' means that Ward has less population than the corresponding 'Target Population (Average)'
- The 'Difference' column is the variance between the 'Target Population (Average)' and each Ward's current population.
- The 'Remaining' column is the 'Target Population (Average)' plus or minus the 'Final Population'
