Re: 2015 City Survey Final Results

Executive Summary

This submits the final report of responses to the 2015 citizen survey and to the follow-up focus groups on public safety and planning for growth. No action is needed.

Discussion

For the last few years, a representative of ETC Institute, our survey contractor, has shared final results with you at your annual retreat. Because the 2015 final report, including focus group results, was not available for this year's retreat, it's being shared with you and the public as a Council Report. Consultant Chris Tatham will be available to discuss these results at your August 15, 2016 work session.
