Re: FY2017 Workplan Recommendations - Operations

The Operations Committee focuses primarily on beautification/streetscape enhancement and cleaning/maintenance programs. The CID 5-Year Plan includes the following operational projects:

- Enhance the Downtown Environment
 - Capital Improvements
 - Streetscape enhancements such as landscaping, flowers, street furniture and lighting
 - Cosmetic improvements such as seasonal banners and decorations
 - Enhanced Cleaning and Maintenance
 - Increased sidewalk cleaning
 - Enhanced maintenance and cleaning of alleys and parking garages
 - Enhanced services that would not be expected from City, such as power washing
 - Increased Safety
 - Partnering with the Columbia Police Department to increase or improve safety patrols
 - Deploying downtown ambassadors
 - Providing additional equipment for safety patrols

In past years we have accomplished the following:

- Added monthly alley cleanings around dumpsters and compactors
- Implemented sidewalk recycling on Ninth and Broadway
- Designed and installed holiday and spring/summer banners
- Installed more trash cans
- Created the Gateway Master Plan
- Created the Design Guidelines
- Hired Block By Block Janitorial

FY17 Recommendations

The Downtown CID has one major long-term project, the Gateways Project. The FY17 goal should be to stay focused with time and staff resources for a successful result.

Gateways Project

Continue dedicating funds to this key project, driving the process of garnering support and applying for grant funding. Many grants will require matching funds, which is the purpose of our budgeted dollars.
Gateways Project - \$100,000

Contracted Janitorial Ambassadors

Clean, safe, secure. This simple focus should guide our efforts to improve the experience of the Downtown CID for guests, employees and residents. By contracting with a professional vendor to provide janitorial ambassador services, we will improve our environment. A consultant will handle staffing, training, scheduling, supplies and equipment, allowing staff to provide oversight and guidance.

Janitorial - \$165,000 for Contracted Services; \$10,000 for Capital Janitorial Projects

Banner Program – Provide seasonal banners to enhance The District branding campaign and enhance the downtown environment. Explore new hardware to lower banners and potential expand banner locations.

Banners - \$25,000 (detailed pricing below for program)

- *\$10,000 installation (professional vendor, 2 – 3 times per year, including repairs)*
- *\$15,000 replacement banner hardware and potential expansion, with new light pole project funded by City of Columbia*

Infrastructure

Work with the City to implement programs to improve downtown infrastructure. Potential sustainability programs could help improve recycling, reduce downtown energy use, save costs for business and property owners or other programs to enhance the environment. Storm water Management programs would help improve the storm water system for downtown and preserve the Flat Branch Watershed. Partner with the City to determine the most effective projects in 2017.

Infrastructure - \$35,000
