

CITY OF COLUMBIA, MISSOURI

Disabilities Commission

February 8, 2024

Re: Letter of Support for LGBTQ Safe Haven Ordinance

Dear Mayor and Members of City Council:

The Disabilities Commission is offering a written statement of support for the approval of the Sanctuary City ordinance. The Disabilities Commission supports a person's right to make independent decisions regarding their own physical and mental healthcare services. Further, the Disabilities Commission supports that each person should have access to these evidence based healthcare services that are supported by medical entities including but not limited to the American Medical Association.

Sincerely,

Dr. Jacque Sample
Chair, Disabilities Commission
