Re: Adopt-A-Spot Beautification Agreements

## Executive Summary

Volunteer Programs, part of the Community Development Department, is submitting for approval two Adopt-A-Spot Beautification agreements to allow volunteers to care for landscaping in street right of way. Staff is excited about the addition of these volunteers to the program; their service to our community is greatly appreciated.

## Discussion

Volunteers are responsible for maintaining landscaped beds in city or state right of way in the City of Columbia in 97 locations. Adopters are responsible for weeding, watering, and mulching the beds and planting annual flowers and bulbs. Agreements are written for a four-year commitment and each bed has a sign to acknowledge the efforts of the adopter.

Staff is asking for council to approve two agreements with volunteers to maintain beds:

- Vista Home Management has agreed to landscape and care for the new roundabout at Vandiver and Parker. They are working with a local landscaper and have asked for up to \$500 to purchase plant materials.
- Valerie Owen will care for the roundabout at Clark Lane and Ballenger Road. She has already begun to remove the old landscaping and will be installing new plants this growing season. Valerie has asked for \$140 to purchase plants.

With these adoptions, and two more we anticipate submitting to Council later this year, the Adopt-A-Spot Beautification program is at a 95% adoption rate. City staff will work with these volunteers to provide mulch, annual flowers, bulbs and plants as needed to help them be successful. City staff review the beds two to three times each year to provide feedback to volunteers and help ensure program quality. Staff will terminate agreements with volunteers who are not meeting the standards for weed-free beds with color throughout the growing season. The City's Volunteer Programs staff appreciates the investment that volunteers put into Adopt-A-Spot beds to be enjoyed by hundreds of residents and visitors each day.

## Fiscal Impact

**Short-Term Impact:** The City will provide signs acknowledging the work of adopters in each bed for a total cost of \$390. In addition the City will provide mulch, plants, annuals and bulbs for a total two year cost not to exceed \$1000.

**Long-Term Impact:** The City's Volunteer Programs provides ongoing support for Adopt A Spot beds including water meter and hydrant maintenance and repair, replacement plants,

mulch, bulbs and annual flowers. No more than \$15,000 is spent on the program to support more than 90 beds. Volunteers provide the labor to maintain these beds at no cost to the City.
