Re: Adopt A Spot Beautification Agreements

## Executive Summary

Volunteer Programs, part of the Community Development Department, is submitting for approval Adopt-A-Spot Beautification agreements to allow volunteers to care for landscaping in street right of way. Staff appreciates the efforts of these three new adopters; their service to our community is greatly appreciated.

## Discussion

Volunteers are responsible for maintaining landscaped beds in city or state right of way in the City of Columbia in around 100 locations. Adopters are responsible for weeding, watering, and mulching the beds and planting annual flowers and bulbs. Agreements are written for a four-year commitment and each bed has a sign to acknowledge the efforts of the adopter. With these agreements and others pending, the Adopt-A-Spot Beautification program is at a 94% adoption rate.

Staff is asking for council to approve three Adopt A Spot Agreements:

- Evertt Schoenherr would like to care for the landscaping at the intersection of Paris Road/Route B and Brown Station Road. This is a project for Evertt and his family who own Schoenherr Family Construction.
- Beds 9 & 10 in Forum Boulevard are being adopted by Bryan Ninichuck with Wingate Pest & Lawn. These are existing beds that Bryan will provide care to improve.
- A new bed is being added to the program in Country Lane to be adopted by the Country Club Estates Neighborhood Association in memory of Betty June Gladney, a longtime neighborhood resident who cared for this landscaping previously.

City staff will work with volunteers to provide plants and other support to ensure their success. Spots are reviewed two to three times each year to provide feedback to volunteers and help ensure program quality. Staff terminates agreements with volunteers who are not meeting the standards for weed free beds with color throughout the growing season. The City's Volunteer Programs staff appreciates the investment that volunteers put into Adopt-A-Spot beds and rain gardens to be enjoyed by hundreds of residents and visitors each day.

## Fiscal Impact

Short-Term Impact: The City will provide signs acknowledging adopters in each bed for a total cost of \$130. Additional support for mulch and plants should not exceed \$1,000.

# City of Columbia

701 East Broadway, Columbia, Missouri 65201

Long-Term Impact: The City's Volunteer Programs provides ongoing support for Adopt A Spot beds including water meter and hydrant maintenance and repair, replacement plants, mulch, bulbs and annual flowers. No more than \$15,000 is spent on the program to support more 100 beds. Volunteers provide the labor to maintain these beds at no cost to the City.
