815 S Greenwood Ave	Karen Schwebel, Carol Unsicker	5/6/2019	Y	MSs Unsicker and Schwebel initiated project with a stormwater complaint in 1993. 1/7/19, Met with Ms Scwebel & Unsicker to discuss project. 3/19/19 Met w/ Met w/ MSs Unsicker & Schwebel at site to discuss options for pipe replacement --lining the part through there yard or replacing it on new alignment. ~3/27/19 MS Unsicker called and said they prefer replacing on new alignment.
814 S Greenwood Ave	Ruth Miluski	"	Y	1/7/19, Spoke with Ms Miluski after meeting w/ Unsicker & Schwebel and described nature of project. 5/3/19: Met w/ Mrs. Miluski on site. She explained that she was preparing the property to sell at some point. Wanted to know if we were changing the location of the pipe or making it bigger. I noted that except at the street frontage the pipe would be in the same location and that we're not making it bigger. I may shift the west part of the system in her yard to align better with the property line, but this would be away from the house, which would favor what she was asking about. We might also go up one size (42 to 48") for the downstream most segment in her yard in order to reduce energy at the pipe outlet, but this would not affect her plans.
809 S Greenwood Ave	James and Julia Grasela	"	N	5/31/19 Ms Grasela called to say she wasn't able to attend the IP meeting. She asked about the extents of the project. Her partner has done a lot of work with native plants in the neighborhood and asked for as much notice as possible before construction starts. Staff agreed to try to do this.
