Re: Downtown Solid Waste Master Plan Letter of Support

Dear Mayor and City Council Members:

The Downtown CID would like to provide support for the proposed downtown solid waste master plan, detailing proposed compactor locations and improvements downtown. We have actively partnered with the City's Solid Waste Department, providing feedback throughout the planning process.

We have a vibrant and growing downtown that requires evolving processes to accommodate solid waste needs. This solid waste master plan will provide overall guidance for efficient downtown waste removal, in order to balance overburdened locations.

Our goal is to provide a clean and safe downtown environment for our constituents. We appreciate your support of this request to improve the overall experience and cleanliness of our downtown.

Sincerely,

Katie Essing
 Executive Director, Downtown Community Improvement District
