Council Meeting Date: June 20, 2016

Re: Agreement to provide fiber optic services to Stephen's College

## Executive Summary

Staff has prepared for Council consideration an ordinance authorizing the City Manager to execute an agreement between the City and Stephen's College that will allow the City to provide fiber optic services to Stephen's College and bill for those services.

## Discussion

Stephen's College has requested to make use of spare fiber optic cable maintained by Water and Light. Water and Light has installed and maintains several miles of fiber optic cable for use by the Department and City. Many spare circuits are available on these existing cables. Several entities such as Columbia Public Schools, Boone County, Boone Hospital, the University of Missouri and Columbia College have existing, similar, agreements with the City to provide them with fiber optic service. Stephen's College has up until now leased fiber from the City through an agreement with MORENet. Staff has worked with Stephen's College and developed the attached lease agreement which allows their direct use of the City's fiber optic system.

## Fiscal Impact

Short-Term Impact: Revenue of \$250 per month for each point to point connection and/or \$3,847 per month for each ring.

Long-Term Impact: Revenue of \$250 per month for each point to point connection and/or \$3,847 per month for each ring.

## Vision & Strategic Plan Impact

### [Vision Impacts:](#)

Primary Impact: Development, Secondary Impact: Not Applicable, Tertiary Impact: Not Applicable

### [Strategic Plan Impacts:](#)

Primary Impact: Infrastructure, Secondary Impact: Economy, Tertiary Impact: Not Applicable

### [Comprehensive Plan Impacts:](#)

Primary Impact: Infrastructure, Secondary Impact: Not applicable, Tertiary Impact: Not Applicable
