Property Owner / Interested Parties Contact Log up to 12/22/15.**

Contact Summary

In general, those contacted regarding this project have been supportive. They recognize the need to replace the failing pipe and appreciate the effort to make it larger in order to lower the risk of flooding.

The Interested Parties meeting was held at Russell Boulevard Elementary School (very near the project area) on November 11, 2015. Three people, aside from staff, attended the meeting; Mr. and Mrs. Windmoeller, and Mrs. Jacobson. The two households represented are closest to the existing culvert and will be most affected by the project.
