Re: Upcoming Road Closures
Tiger Avenue- Utility Replacement
MU Project # CP161401

Dear Business Owner,

The University of Missouri is planning the following closures adjacent to Tiger Avenue for the replacement of a deteriorated Steam line and Telecom duct bank. Attached is a diagram that further depicts the closures.

- The east sidewalk of Tiger Avenue between Kentucky Blvd and Rollins St.
- The easternmost lane of Tiger Avenue (former metered parking lane) between Kentucky Avenue and Rollins St.

An application for road closures will be submitted to the City of Columbia. The application will be reviewed by City Council and open for public comment at the March 19, 2018 regular council meeting.

Sincerely,

Jennifer Sullivan, P.E.
Project Manager, Campus Facilities
