Mr. Smith:

On behalf of The Brooks at Columbia, LLC, I would like to take this opportunity to request to table the annexation and rezoning of The Brooks – Preliminary Plat 2. A single-family development located off of State Route WW in east Columbia. This item is scheduled to be before Planning and Zoning Commission on September 21st, 2017. At this time the project is not quite ready to be heard before the Planning and Zoning Commission. The developer has been working with City staff on the annexation as well as other items for consideration that would be included with this request.

With the above stated, we would ask that this request be tabled until the October 19th meeting. This will give us additional time to firm up the proposal before being considered by P&Z. Please review and should you have any questions, please feel free to contact me.

Please review and should you have any questions, please feel free to contact me.

Sincerely,
