Re: Resolution authorizing submittal of the FY 2022 Consolidated Annual Performance and Evaluation Report (CAPER) to the U.S. Department of Housing and Urban Development (HUD)

Executive Summary

The City receives Community Development Block Grant and HOME Investment Partnership (HOME) Funding from the Department of Housing and Urban Development (HUD) annually due to its population and demographics. The City of Columbia is required to submit a Consolidated Annual Performance Report (CAPER) in order to continue to receive additional funds. The CAPER is documentation required by the U.S. Department of Housing and Urban Development (HUD) summarizing CDBG and HOME expenditures, and progress in meeting the goals and objectives of the City's 2020-2024 Consolidated Plan during calendar year 2022. Prior to submission of the CAPER to HUD, the City's Citizen Participation Plan requires a public hearing to accept further comment. Approval of the attached resolution will authorize the City Manager to submit the CAPER to the U.S. Department of Housing and Urban Development (HUD).

Discussion

The CAPER evaluates performance of HUD funded activities in the City of Columbia. It reviews expenditures and progress in meeting objectives in 2022, the third year of the 2020-2024 five-year plan period. The report includes uses of the City's CDBG and HOME resources that address the HUD national objectives to provide "decent housing, a suitable living environment, and expanded economic opportunity" for low-income populations. These activities include use of HUD funding, as well as other public and private funding. The City expended \$779,966.49 in CDBG funds and \$453,473.05 in HOME funds and \$306,387.73 in CDBG-CV funds during the reporting period, calendar year 2022.

The Housing and Community Development Commission (HCDC) is scheduled to review the CAPER on Wednesday March 15, 2023. The HCDC does not make recommendations on the CAPER to council; however it uses the report as a resource when evaluating priority needs for future efforts. The public comment period on the CAPER runs through March 20, 2022. The CAPER is an opportunity to review performance of specific programs and activities against the objectives and performance measures that were established by the Consolidated Plan. The Consolidated Plan, approved by the Council in October 2019, is the City's long-range strategy for a five-year investment plan for community development, housing, and homelessness. It establishes annual objectives by activity and the CAPER examines progress on each objective. Areas with significant accomplishments included the following:

City of Columbia
