### Comments:

I have sidewalk in front of my house, the portion of which ~~is~~ on the west of my driveway needs repair. The city did that to repair damage to the water pipe below it. Pedestrians going west on E. Leslie begin walking on the sidewalk beginning at corner of Newton. Then the sidewalk ends. They move across the street to continue walking because the sidewalk ends. There is heavy vehicle traffic and many pedestrians use E. Leslie Lane. I am in favor of the proposed sidewalk and think it will improve safety.
