Re: Amendment No. 1 to Master Services and Purchase Agreement with Axon Enterprise, Inc. for Additional Axon Devices, Software Services, and Maintenance

Impacted Ward: Citywide

Executive Summary

Staff has prepared for Council consideration an ordinance authorizing Amendment No. 1 to the Master Services and Purchase Agreement with Axon Enterprise, Inc., originally executed on April 8, 2025. The amendment adds fifteen (15) additional Axon devices, software services, and annual maintenance as identified in Quote Order No. Q-798036-46160KB. The additional equipment and services are needed to outfit new vehicles added to the Police Department fleet in FY26. All other terms and conditions of the original agreement remain unchanged.

Discussion

On April 8, 2025, the City entered into a Master Services and Purchase Agreement with Axon Enterprise, Inc. for the purchase of Axon devices, software services, and annual maintenance associated with Axon systems utilized by the Columbia Police Department.

This amendment provides for the purchase of fifteen (15) additional Axon in-car camera systems, software services, and associated annual maintenance to support ongoing operational and technology needs within the Police Department. The additional equipment is necessary to outfit new vehicles added to the Police Department fleet in FY26 and ensure those vehicles are equipped with the same in-car technology and integrated Axon systems currently utilized throughout the department.

The additional products and services will be incorporated into the existing agreement and remain subject to the same terms and conditions previously approved by Council.

The pricing for the additional equipment and services is a one-time lumpsum payment of \$200,858.40 for the term identified in Quote Order No. Q-798036-46140KB, which is 48 months to run con-current with original Master Services Agreement.

The amendment allows the Police Department to continue utilizing and expanding existing Axon systems and related technology platforms that support public safety operations, evidence management, and officer equipment needs.

Fiscal Impact
