I am not sure the case number for this. On the correspondence we received there are the following numbers:

37-2021

21-2021

38-2021

The meeting for this case is tonight at 7:00.

We are older and will not attend the meeting due to Covid 19, but we have comments and questions.

1. What does the current zoning of PD mean?
2. Is there a way to 'attend' the meeting virtually?
3. Our concerns are
 - a. The parcel has a lot of mature trees and wildlife cover. We would like to see as much of this remain as possible.
 - b. We are concerned about run-off, since the land seems to be primarily a ravine.
 - c. We feel a better use of the property is a park since the 4-5 neighborhoods surrounding it have no access to a local park via sidewalk.

We are disappointed to hear of this proposed use and want to express our opposition to it.

Thank you,
Valerie and Lin Holley
