Columbia, MO 65205**

Comments may also be faxed to.... **(573) 449-9641**
or forwarded via E-mail to... **pubw@CoMo.gov**
(please include "N. William St./Hinkson Ave. Traffic Calming" in the subject line and provide your name and complete mailing address)

- I support traffic calming being installed on N. William St. /Hinkson Ave.
 Traffic Calming wouldn't bother me if it were implemented
 I do NOT support traffic calming being install on N. William St. /Hinkson Ave.

We are accepting comments until November 8, 2019. Thank you for your input!

Comments: In addition to "Speed Bumps" and additional "Stop" Signs - Radar on a Schedule that would slow speeding of cars + motorcycles would be beneficial. Also, North Ann Street from Hinkson Street could also use "Speed Bumps". Cars from Paris Road going South on North Ann St. also speed despite a lot of pedestrian traffic on the (over)

There is more space on the back of this form.

Comments:

VERTICAL SPEED CONTROL - ^{or} More interest to me than Chicanes
If there is extra funding for this project, why not fix sidewalks, improve bike lanes, etc.

I am aware of the traffic
on William.

I am aware of so many
accidents that
occur on William?

Specifically @ Amelia William,
the sign
will create potential
damage to my property
& also directly
affect turning radius
from my driveway.

I think the handicaps & bicyclists
should be
thoroughly considered.

Comments:

I definitely support speed humps on Hinkson.
I walk along Hinkson + William regularly -
people speed regularly on Hinkson especially
as they pass the Elementary. Many motorists
fail to stop at stop signs at Hinkson +
William St. *More on Back* →

Public Comment Form

Regarding William St - I share the concern raised regarding chicanes + residents w/ disabilities. Ideally, I would like to see ADA quality sidewalks on William St.

My primary concern is level of hightspeed driving on thirkson.

I would like to see protected bike lanes on William St ~~and thirkson~~ if that is possibility.

Another issue is illegal parking on William St. They have caused serious issues especially after dark.

*I would like to see if Speed humps or other verticle calming on William St. would be implemented, especially near Paris + William and between Walnut and Richardson, if chicanes would inhibit wheelchairs or bikes.
