Re: Intergovernmental Cooperation Agreement for Shuttle Bus Service on the University of Missouri Campus.

## Executive Summary

Staff is requesting council to authorize the City Manager to execute an intergovernmental cooperation agreement with the Curators of the University of Missouri for integrated shuttle bus service on campus for the 2022-2023 academic year. Estimated revenue of \$838,614 is based on 13,636 as determined by the designated routes.

## Discussion

This agreement is a one year renewal of a previous one year agreement to provide transit shuttle service for the University of Missouri – Columbia (UMC) campus. With the return to in-seat classes at UMC for the Fall 2022 semester and the Spring 2023 semester, the university is requesting a return to full service for the Tiger Line shuttles beginning in August 2022 through May 2023.

The cost per service hour of \$61.50 was used to establish the fee charged to UMC for the one-year period. The estimated cost, using 13,636 hours of service is \$838,614. The number of service hours determined the routes and schedule UMC chose to operate and these are detailed in the agreement.
