## **V. CATSO METROPOLITAN TRANSPORTATION PLAN (MTP) UPDATE - DRAFT PLAN OVERVIEW**

Shawn Leight and Mike Albin from Crawford, Bunte and Brammeier (CBB), the CATSO consultant preparing the 2055 Metropolitan Transportation Plan (MTP) gave an overview presentation on the proposed MTP. Leight noted that one of the criticisms of previous plans was a lack of public engagement, and CBB made a particular effort to do more activities to facilitate public input. This was done through MTP stakeholder interviews, public meetings, and online surveys.

Albin discussed the land use /employment projections, financial projections, proposed future studies, and other aspects of the proposed MTP. The financial projections are done for the first four fiscal years, and then for the remainder of the MTP scope period. Unlike previous plans, there is no need to do 5 or 10 year bands for specific projects/financial projections. Also noted was the alternative level of service (LOS) for multimodal transportation. It was suggested that the word "alternative" be removed in order to clarify what this LOS framework is intended to accomplish.

## **VI. PROPOSED CATSO FY 2025-2028 TRANSPORTATION IMPROVEMENT PROGRAM (TIP) AMENDMENT**

The motion passed.

Skov gave an overview of the proposed Title VI Plan 2024 Update. FY 2025-2028 TIP. He noted that the document included more demographic information than the previous plan, including maps that illustrated racial breakdowns by Census Tract boundaries.

After discussion, Henderson made a motion to recommend that the proposed Title VI Plan 2024 Update be given formal approval by the CATSO Coordinating Committee at their December 5, 2024 meeting. The motion was seconded by Yonke. The motion passed.
