PUBLIC SAFETY JOINT COMMUNICATIONS
SECOND ASSIGNMENT OF LEGACY ASSETS AND
OFFICE OF EMERGENCY MANAGEMENT ASSET INVENTORY

THIS AGREEMENT is made between the **City of Columbia**, hereinafter called the "City," and the **County of Boone**, hereinafter called "County," to provide for the City to assign certain leases, authorizations, and personal property in support of the County's assumption of operations of the County/City Public Safety Joint Communications, now known as Boone County Joint Communications.

WHEREAS, Boone County has assumed all costs and operational responsibilities associated with 911/Joint Communications as of January 1, 2014, after a County sales tax levy was approved by voters in April, 2013; and

WHEREAS, this assumption of costs and operational responsibilities by County has resulted in significant, annual savings to City in the form of reduced general fund appropriations to fund Public Safety Joint Communications (PSJC) as well as savings from other participants in the 1977 PSJC Cooperative Agreement, as amended; and

WHEREAS, prior to January 1, 2014, the assets of PSJC were purchased with funding received from the member agencies that were parties to the 1977 Cooperative Agreement that, as amended, included as parties the City of Columbia, Boone County, Boone County Fire Protection District, Southern Boone County Fire Protection District, University of Missouri-Columbia Hospital, and Boone County Hospital (hereinafter "Legacy Assets"); and

WHEREAS, these Legacy Assets acquired under the 1977 Cooperative Agreement were titled to the City of Columbia for inventory and insurance purposes; and

WHEREAS, these Legacy Assets are still needed for the continued, successful operation of the 911/Joint Communications systems and the PSJC participants have consented to the transfer of such assets to Boone County for the operation of Boone County Joint Communications; and

WHEREAS, as part of the transfer of the costs and administration of PSJC legacy assets, these Legacy Assets now titled to the City of Columbia must be transferred to Boone County for inventory, insurance, and operational purposes; and

WHEREAS, the City and County previously agreed to the transfer of legacy assets relating to the radio system, emergency sirens, and a mobile command camper in an Agreement approved in Boone County Commission Order 374-2016 and Columbia City Ordinance #022830; and

1

WHEREAS, the parties now desire to agree on the transfer of additional legacy assets as set forth herein.

NOW, THEREFORE, IT IS AGREED by and between the City and County as follows:

1. **Transfer of Miscellaneous Legacy Assets from City to County.** The City hereby transfers and assigns to the County the following Legacy Assets purchased with the combined revenues from the member agencies to the original 1977 Cooperative Agreement that were titled to the City for inventory and insurance purposes, as set out in **Exhibit A** which is attached hereto and incorporated herein. Exhibit A and this Agreement shall constitute a Bill of Sale transferring title to the listed assets, which consists of miscellaneous office equipment. Prior to the County Commission's approval of this Agreement, County will ensure that adequate casualty loss insurance coverage is in place for the transferred assets and until such time the City shall continue to insure the property as per its past practice.

2. **Transfer of Legacy Computer-related Assets from City to County.** The City hereby transfers and assigns to the County the following Computer-related Legacy Assets purchased with the combined revenues from the member agencies to the original 1977 Cooperative Agreement that were titled to the City for inventory and insurance purposes, as set out in **Exhibit B** which is attached hereto and incorporated herein. Exhibit B and this Agreement shall constitute a Bill of Sale transferring title to the listed assets, which consists of IT-related computer hardware presently used by the public safety radio system which County now operates. Prior to the County Commission's approval of this Agreement, County will ensure that adequate casualty loss insurance coverage is in place for the transferred assets and until such time the City shall continue to insure the property as per its past practice.

3. **Office of Emergency Management Asset Inventory**. The parties hereby acknowledge the prior acquisition of the items set forth on Exhibit C which the parties expressly agree were acquired for the purposes of emergency management and response under the Columbia/Boone County Emergency Operations Plan. The parties agree to continue to use such items for the purposes for which the items were acquired and in conformance with the terms and conditions of any grant agreements which may govern acquisition, use and disposal. Custody of such assets may remain in the hands of the applicable agency listed on Exhibit C and may be shifted to any other agency as deemed necessary or appropriate by the Columbia/Boone County Emergency Management Director to further emergency response and recovery under the Plan

4. **Notification of Any Special Requirements.** City will inform County of any special requirements relating to tracking, disposition, or otherwise which originate from any grants used for the original acquisition of any specific asset which is transferred

pursuant to this Agreement and County agrees to assume responsibility for compliance with any such special requirements following transfer.

5. **Severability:** In the event that any one or more of the provisions or parts of a provision contained in this Agreement shall, for any reason, be held to be invalid, illegal or unenforceable in any respect, in any jurisdiction, such invalidity, illegality or unenforceability shall not affect any other provisions or part of a provision of this Agreement, but this Agreement shall be reformed and construed in any such jurisdiction as if such invalid or illegal or unenforceable provision or part of a provision had never been contained herein, and such provision or part shall be reformed so it would be valid, legal and enforceable to the maximum extent permitted in such jurisdiction.

6. **Sole Benefit of Parties:** This Agreement is for the sole benefit of City and County. Nothing in this Agreement is intended to confer any rights or remedies on any third party.

7. **Relationship of Parties:** Nothing herein shall be deemed or construed by the parties hereto, nor by any third party, as creating the relationship of principal and agent, or of partnership, or of joint venture, between the parties hereto.

8. **Binding Effect:** This agreement shall be binding upon the parties hereto and their respective successors in interest and successors and assigns in office.

9. **Further Actions and Cooperation:** The parties agree to fully cooperate with each other in good faith to execute such further documents and take such further actions as are necessary to give full force and effect to the terms and intent of this Agreement.

10. **Authority:**   The signatories to this Agreement warrant and certify that they have obtained the necessary authority, by resolution or otherwise, to execute this Agreement on behalf of the named party for whom they are signing.

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed by their duly-authorized officers on the day and year indicated blow.
