IV. POTENTIAL REVISED SCHEDULE FOR 2050 LRTP COMPLETION

Mitch Skov discussed the attached schedule revision for the completion of the 2050 LRTP update. This was necessitated by the resignation of Ms. Christian from the CATSO staff in order to take the job of Parking & Transit Manager. There was general consensus that the revised schedule was acceptable.

VI. DRAFT 2050 LRTP NON-MOTORIZED PROJECT COST ESTIMATES

Skov discussed the draft list of non-motorized projects provided for the meeting. The list was included for information purposes. It was noted that all project cost estimates were in year 2018 dollars. Member discussions noted that there would be a need to put the projects into particular year ranges or bands to reflect presumed years of implementation and have inflation rates factored in order to more accurately represent project costs at a specific moment in time.

No committee action was necessary.

VII. MODOT STATEWIDE FAST ACT SAFETY TARGETS

Staff gave an overview of the annual statewide safety targets set by MoDOT and provided to MPOs in August. CATSO may either provide their acceptance of the statewide targets, or establish specific targets for the Columbia MPA. Staff indicated that they found the statewide targets acceptable and suggested that Technical Committee give a recommendation of approval to the Coordinating Committee.

Yonke made a motion to recommend formal approval of the MoDOT statewide safety targets, with Christian seconding the motion. The motion passed unanimously.
