What would you change about the proposed potential improvements? Please be concise.

Too many trees - Need 2nd shelter area (2) drinking fountain
No bathroom

No for sure sidewalk completely surrounding park

Poor consideration for handicap

Park area will be mostly ~~flat~~ down hill

Swing for children - fitness equipment needed

No fence - Concern for street safety / people crossing

Speed of automobile / automobile

Too much budget ~~concern~~ concern (this area should be equal to other park?)

I think the park is a great idea for the community I like the ideas presented, but...

What would you change about the proposed potential improvements? Please be concise.

I think there should definitely be multiple baseball courts as well as a large and small pavilion with big pits. I also think there should be a paved track around the entire property

What would you change about the proposed potential improvements? Please be concise.

i would like to see maybe an amendment to the proposal in the sense for an idea for the rain water runoff to maybe be collected and used as a self sustaining water irrigation to the park.
