Re: Authorizing a Bid Call for Construction of the Ridgemont Bridge Replacement Project

Executive Summary

Staff is requesting council to authorizing a bid call through Purchasing division for construction of the Ridgemont Bridge Replacement project. Interested Parties (IP) meetings were held on August 10th 2021 and September 13th 2021. The Public Hearing was held on January 18th, 2022.

Discussion

The current bridge on Ridgemont Road over the County House Branch was built in 1960. The structure has exceeded its fifty (50) year design life by more than a decade, and is load restricted at three (3) tons.

The replacement bridge was designed by Anderson Engineering of Kansas City, Missouri. The design for the replacement bridge will include two (2) 12 feet driving lanes and an 8'6" raised bike lane along the south side of the bridge. The design also includes additional substructure on the north end of the bridge for future expansion of a bike lane along the north side of the bridge.

The total estimated cost for the Ridgemont Road Bridge replacement project is \$556,000.00.

Fiscal Impact

Short-Term Impact: The estimated total project cost is \$556,000.00.

Long-Term Impact: Long term maintenance cost would be significantly less while providing a higher level of service.

Strategic & Comprehensive Plan Impact

[Strategic Plan Impacts:](#)

Primary Impact: Reliable Infrastructure, Secondary Impact: Resilient Economy, Tertiary Impact: Tertiary

[Comprehensive Plan Impacts:](#)

Primary Impact: Infrastructure, Secondary Impact: Environmental Management, Tertiary Impact: Mobility, Connectivity, and Accessibility
