- I support traffic calming being installed on Rollins Road
- Traffic Calming wouldn't bother me if it were implemented.
- I do NOT support traffic calming being installed on Rollins Road

We are accepting comments through July 22, 2024. Thank you for your input!

Comments:

WE HAVE LIVED AT THE CORNER OF W. ROLLINS + HULEN DR. SINCE 2001.

AFTER ATTENDING THE INFORMATIONAL MEETING JULY 2024, IT APPEARS

MANY OF THE ISSUES DEAL WITH LACK VISIBILITY TO TRAFFIC DUE TO CURVES
IN THE ROAD, PRIVACY FENCES, + LANDSCAPING. PLACING TRAFFIC CALMING
BARRIERS WILL NOT HELP LACK OF VISIBILITY TO TRAFFIC ON W. ROLLINS.

911 EMERGENCY VEHICLES OFTEN USE W. ROLLINS. PLACING TRAFFIC CALMING MEASURES ON W. ROLLINS WILL LEAD TO LONGER 911 EMERGENCY RESPONSE TIMES.

SPEED HUMPS WILL LEAD TO INCREASE WEAR & TEAR ON VEHICLES. THEY MAY POSE A SAFETY HAZZARD DURING SNOWY OR ICY CONDITIONS. DUE TO NARROW ROAD OVER THE POND DAM.

THE ONLY STATISTIC REPORTED AT THE MEETING WAS THE 85% - ILE SPEED ON THE W. ROLLINS RD. KNOWING THE AVERAGE, MEDIAN, & MODE SPEEDS WOULD BE HELPFUL. WHAT PERCENTAGE OF VEHICLES ARE MOVING ABOVE THE SPEED LIMIT?

DURING RUSH HOUR TIMES WHEN W. ROLLINS TRAFFIC FLOW IS INCREASED, ~~IT IS~~ IT IS HELPFUL TO KEEP TRAFFIC STEADILY MOVING TO AVOID TRAFFIC JAMS. SPEED HUMPS & OTHER BARRIERS WILL LIKELY LEAD TO TRAFFIC ISSUES & IMPATIENT DRIVING BEHAVIORS.

IN CONCLUSION, I DO NOT SUPPORT TRAFFIC CALMING MEASURES.

Comments: Rollins Road traffic calming

Thank you for the information addressing possible corrective actions for the CHRONIC issues with speeding and reckless driving on the noted street. The round about on Fairview has created a fast track to entrance onto Rollins to connect with Stadium. Physical barriers such as speed bumps are really the only solutions as signage without arrests/ticketing will have no real improvement considering that so many drivers now are distracted and have no concern for others. Please note that the majority of drivers do not even stop or slow for the designated cross walk off the round about. Thank you very much for considering solutions. What was in the past and could be a lovely walkable stretch is now a stressful experience. Thank you.

 I do NOT support traffic calming being installed on Rollins Road

We are accepting comments through July 22, 2024. Thank you for your input!

Comments: Rollins is very quick, ~~fast~~ It is very wide just west of stadium, encouraging people to drive quickly. The same problem exists ~~on~~ the just east of fairview. we should narrow both ends of Rollins ~~and~~ and add a crosswalk near the church. We should also limit the size of vehicles allowed on Rollins. Sidewalk by the lake is narrow & scary!

Comments:

I live west of Scott Blvd and use Rollins as a cut through to Stadium, driving and e-biking. I would endorse narrowing tools - Rollins is a wide street without ~~much~~ parking with very few cars parked on it - with perhaps a speed table near the church. Breaking up the straightaways - Fairview to the dam and east of dam to Stadium - should be effective.

Comments:

Favor intersection speedbumps. ^{speed tables} -terminology?
We are concerned especially about the intersection of Martin + Rollins. We live on Rollins just west of Martin. Vehicles speed up coming from Fairview Lake and toward the church. Many pedestrians and bicyclists use this as a crossing. Visibility is poor in this area.

Comments:

I favor a speed table at Rollins
& Helen or (if feasible) a roundabout

Comments:

I think only a couple of humps are needed to control speed between Stadium & Eastlake & Hulon & Fairview.
