Re: Decommission of the Columbia Vision Commission

Executive Summary

Staff has prepared for Council consideration an ordinance that would decommission the Columbia Vision Commission.

Discussion

The Columbia Vision Commission was established to engage the community regarding the implementation of the city's strategic plan, future strategic visions and goals, and other initiatives deemed appropriate by the city council. (Ord. No. 20081, § 1, 10-6-08; Ord. No. 21571, § 1, 1-7-13; Ord. No. 023533, § 1, 5-7-18). Visioning was defined as a "continuing and ongoing process where new information and public input are integrated with the work of agencies, paid consultants and the business community." (Ord. No. 20081, § 1, 10-6-08; Ord. No. 21571, § 1, 1-7-13; Ord. No. 023533, § 1, 5-7-18)

At the April 17 City Council meeting the Columbia Vision Commission submitted its annual report to Council. This concludes the work of the Commission at this time and provides an opportunity to examine the structure and role of the Commission moving forward.

Several members of the Columbia Vision Commission are participating in a training to learn more about the Community of Excellence Program. Following the eight week training, there may be an opportunity to restructure to a Task Force/Ad Hoc Committee to further study and embark on the Community of Excellence journey.
