Please be advised. This comment is not about the parking garage fixes.

We are commenting as a group on the delay of Council creating policy on CPTED.

I am writing to confirm that we have received your request to speak at the October 5 City Council meeting. However, it is our policy that we do not allow scheduled public comments that are related to items already included on the agenda. There is a related item scheduled to be on the agenda under the Public Hearing section of the October 5 meeting agenda. The first public hearing will be a hearing to consider the options to provide enhanced fall protection and related self-harm deterrent measures for the Fifth Street and Walnut Street municipal parking structure. That item allows for public comment, so when that item comes up & the Mayor opens the floor for comments, you can approach the dais at that time. There is no need to sign up for anything in advance.

I hope that answers any questions you may have on the process, but if not, please feel free to reach out.

Please confirm you have received this.  
Thank you,

Carol Rhodes  
Assistant City Manager
