Ordinance No. _____

Council Bill No. B 35-16

AN ORDINANCE

determining it is in the public interest to construct the Flat Branch Watershed Relief Sewer Project No. 3, the Ninth and Elm Pedestrian Scramble Project and the Ninth and Elm Storm Drainage Replacement Project; approving and adopting plans and specifications; determining that the work shall be done by contract; calling for bids through the Purchasing Division; providing for payment for the improvements; authorizing the City Manager to obtain, execute and record all documents necessary for the improvements; providing for compliance with the prevailing wage law and state-mandated construction safety training; and fixing the time when this ordinance shall become effective.

WHEREAS, the City Council adopted resolutions declaring the necessity of constructing the Flat Branch Watershed Relief Sewer Project No. 3, the Ninth and Elm Pedestrian Scramble Project and the Ninth and Elm Storm Drainage Replacement Project; and

WHEREAS, the notices of public hearings on these projects were published in a daily newspaper of general circulation in the city; and

WHEREAS, the City Council has held public hearings on construction of the improvements.

NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBIA, MISSOURI, AS FOLLOWS:

SECTION 1. The Council finds that the construction of the Flat Branch Watershed Relief Sewer Project No. 3, the Ninth and Elm Pedestrian Scramble Project and the Ninth and Elm Storm Drainage Replacement Project in the City of Columbia, Missouri, are necessary for the welfare and improvement of the city and that it is in the public interest that such improvements be made. Specific improvements include the following:

Flat Branch Watershed Relief Sewer Project No. 3

Construction of approximately 3,120 linear feet of 8-inch to 18-inch diameter gravity sewer, and other sanitary sewer improvements, along Elm Street from Providence Road to Hitt Street and along Sixth Street from Elm Street to south of Broadway.

Ninth and Elm Pedestrian Scramble Project

Replacement of traffic signal equipment and the construction of sidewalk ramps to meet ADA requirements at the intersection of Ninth Street and Elm Street.

Ninth and Elm Storm Drainage Replacement Project

Replacement of a failing storm box at the intersection of Ninth Street and Elm Street with a 54-inch storm drain with inlets and junction boxes, to connect to an existing 60-inch storm drain on University of Missouri property located west of Ninth Street

SECTION 2. The plans and specifications for these improvements, as prepared by the Director of Utilities, are hereby approved.

SECTION 3. The construction of the improvements shall be done by contract in accordance with the plans and specifications, the laws of the State of Missouri, and the Charter and Ordinances of the City of Columbia, Missouri.

SECTION 4. The Purchasing Agent is hereby authorized to call for bids and execute a contract for the improvements.

SECTION 5. Payment for the improvements shall be made from Sanitary Sewer Utility funds, Annual Streets funds, Storm Water Utility funds and such other funds as may be lawfully appropriated.

SECTION 6. The City Manager is authorized to obtain, execute and have recorded all licenses, easements, deeds and any other conveyances or instruments necessary for the City to complete this improvement.

SECTION 7. The contract for the improvements shall provide that not less than the prevailing hourly rate of wages, as found by the Department of Labor and Industrial Relations of Missouri, shall be paid to all workers performing work under the contract. The contractor's bond shall guarantee the faithful performance of the prevailing hourly wage clause in the contract.

SECTION 8. The bid specifications and contract for the improvements shall provide that the contractor and any subcontractor shall provide a ten-hour Occupational Safety and Health Administration construction safety program (or a similar program approved by the Missouri Department of Labor and Industrial Relations) for all employees working on-site. All employees working on the site of the improvements are required to complete the safety program within 60 days of beginning work on the improvement projects.

SECTION 9. This ordinance shall be in full force and effect from and after its passage.

PASSED this _____ day of _____, 2016.
