Columbia Fire Department
Attn: Brad Frazier, Asst. Fire Chief
201 Orr Street
Columbia, MO 65203

Dear Chief Frazier,

Your application for funding from the Boone Electric Community Trust was presented to the Board of Trustees at the November meeting. The Trustees voted to award your organization $3,136.28 to purchase a Keiser Sled for training purposes.

The Trust is proud to serve deserving organizations, such as yours. Photos and videos of your program and attendees are always welcome by the Trust and we will assist in getting your message out through our own social media sites. You may send them to my attention.

We have also included a list of other funding sources. The Trust has not vetted these and provides the contacts as simply a way of finding resources for nonprofits or public agencies.

We encourage recipients of our funding to follow us on our social media sites and to recognize the funding through your own sites. You will be asked on the final grant report where your organization recognized the contribution.

As a follow-up, we ask that you complete the enclosed grant report **within** the next six months to let us know when and how your organization used the funds. You will be required to submit receipts.

We wish you well in your efforts to serve the community.

Sincerely,
BOONE ELECTRIC COMMUNITY TRUST

Operation Round Up

Operation Round Up is one way Boone Electric members work together to make a difference. By rounding up your monthly electric bill to the nearest whole dollar, that extra change of 1¢ to 99¢ adds up and is used to fund requests by local charitable organizations.

Example: If your electric bill is $82.15, you would 'round up' your payment to $83.00, with the remaining .85 cents going to the Community Trust to help those in our communities.
