Re: Allowing the Installation and Maintenance of a Private Railing with Steel Logo and Terminal posts with String Lighting within a Portion of the Locust Street Right of Way

## Executive Summary

Authorize the City Manager to execute a right of use license permit with Columbia Restaurant Investor's # 1 LLC to install and maintain a private railing with steel logo, and terminal posts (fence) with string lighting within a portion of the Locust Street right of way.

## Discussion

Columbia Restaurant Investor's # 1 LLC is requesting approval of a right of use license permit to install and maintain a private railing with steel logo, and terminal posts with lighting, within the right of way of Locust Street, at Fuzzy's Taco Shop located at 915 Locust Street, near the northeast corner of Locust and Ninth Streets (see Exhibit B). The construction includes relocating the current railing with steel logo, and terminal posts with string lighting, to allow sixty inches of unobstructed pathway in accordance with City Ordinance Section 24-2 (Obstructing streets and sidewalks). The work will be scheduled with the division of Building and Site Development.

The right of use license permit agreement outlines the responsibilities of Columbia Restaurant Investor's # 1 LLC and further requires that the construction will not obstruct or block any City street or sidewalk without first obtaining permission from the City.
