National Partnership for CLT Planning Charrette

City staff has been requested by Burlington Associates staff and other CLT practitioners and thought leaders to assist in planning a CLT Planning Charrette on October 2, of 2018. The purpose of this event will be to plan for a 50 year anniversary event in 2019 and discuss the future of CLTs nationwide. The national organization representing CLTs and Inclusionary Housing Programs, Grounded Solutions Network, also selected a new CEO, Tony Pickett, who is also serving on this committee. This represents a good opportunity to involve the Columbia Community Land Trust and gain additional national name recognition and assist in CLT policy with fellow member organizations. Staff will provide additional information regarding future plans how the CCLT can assist and benefit from this effort.

CCLT Board members to follow-up with its accountant to confirm this is within 501c3 organizational requirements and the CCLT accountant confirmed this to be within requirements. A MOU is attached for CCLT consideration.
