Please relocate the Park entrance sign, so it is perpendicular to the road and two-sided, so you can see it as you approach the park from either direction. The way it ~~is~~ is now, you can't read it till you are already up on it, and you pass up the park entrance.  
Thanks!

I would very much like to have Electricity at the Existing shelter and new restrooms.

That would be a game changer for our Disc GOLF events.

What would you change about the proposed potential improvements? Please be concise.

I really like the overflow parking area and would like to see additional parking across the street

BATHROOMS, DETENTION POND, PUTTING CIRCLE,  
AND PARKING ARE GREAT. IM NOT SURE WHAT  
RUN-OFF THE DETENTION POND IS COLLECTING, OR  
HOW BENEFICIAL THAT WILL BE.

What would you change about the proposed potential improvements? Please be concise.

PUTTING CIRCLE RELOCATED FARTHER AWAY FROM  
SHELTER AND PARKING. MORE FOCUS ON IRRIGATION  
(RUN-OFF FROM HOUSE ON HOLE B).

Having a bathroom & more parking  
is essential

What would you change about the proposed potential improvements? Please be concise.

Trer course really needs bridges on  
#1 and #18. Rocks are pretty  
just too dangerous when muddy, wet, icy  
especially for older folks.

restroom and additional parking are great plans  
as well as the putting circle

What would you change about the proposed potential improvements? Please be concise.

A Net for warm up would be nice, near the  
putting circle

The fairway on 18 needs to be sured up.  
there is about 80' squared that has been lost  
to flooding. This is noticeable by two trees that  
have fallen.

The additional parking is going to be very helpful with the constant growth in awareness of Harmony Bends and the Championship caliber it offers, there is constantly a need for the extra parking. The Ben bathrooms are going to be a very useful asset in running events at Harmony Bends. Porta-Potties will still be needed for the larger events but permanent restrooms will make all the events easier for competitors and staff.

What would you change about the proposed potential improvements? Please be concise.

Power being ran to the existing shelter as well as the circular pad that the course map sits on, would make running the major events at this course much easier. We (the ice staff for the MAD) used generators ~~Missouri~~ past year to supply power to a PA system as well as the ~~station~~ station that entered scores. Both were crucial to helping run an effective and impressive event and could have been made easier with permanent power.

Please comment on what you like about the proposed potential improvements. Please be concise.

In addition to the overall improvement for all park users, I am excited for the additions that will benefit disc golfers with unique needs. The ADA accessible parking and sidewalk will increase access to this flexible sport for folks with physical disabilities or limitations. The fully functional restroom will give women and families access to a private space to attend to necessary hygiene needs.

What would you change about the proposed potential improvements? Please be concise.

This is an excellent start. Given the limitations with flooding, I'm not sure what else would be feasible. I think keeping structures / setup flexible will give disc golf the maximum potential for running excellent events and allowing everyday play.

More backup parking for larger Events

Practice <sup>throwing</sup> area for longer drives

Side Note

Disc golf course on the south side of town

 Drainage on some of the lower areas in fairways

27, 10, 15, 11, 12

• Protect 18 in bounds fairway

• Stairs to Red's tee pad on 9 because the hill is eroding

• 15 Stairs have a big 1st step need a large rock or other first step.

THE CURRENT PLAN IS GOOD. WOULD LIKE TO SEE COURSE IMPROVEMENTS.

- ① DRAINAGE DITCHES ACROSS FAIRWAY ON HOLE 10 TO PERCHE CREEK
- ② DRAINAGE DITCH ACROSS FAIRWAY HOLE 2 TO HARMONY
- ③ ELECTRICITY TO PAVILION ~~FROM~~ FROM BATHROOM, OR OUTLETS OUTSIDE  
ADD ABOVE FLOOD PLAN.
- ④ CONTINUE EROSION CONTROL AROUND TEE PADS.
- ⑤ STAIRS ON HOLE 9 GOING UP TO RED TEE PAD

What would you change about the proposed potential improvements? Please be concise.

ANYTHING THAT EASES COURSE MAINTENANCE, EASIER COURSE  
MAINTENANCE ALLOWS PARKS TO KEEP IT NICE.

THE GOAL OF THIS PROJECT SHOULD BE MAINTAINING HARMONY'S  
#1 RANKING. THE PAR DEPT HAS DONE AMAZING THINGS AND  
I WOULD LOVE TO SEE THE COURSE BECOME A TRUE DESTINATION.

## Displaying results for Public input for the Phase II Development of Strawn Park

Please comment on what you would change about proposed improvements. Please be concise.

I would suggest moving the sidewalk away from the road more. People drive recklessly on that road and I don't think a speed limit change or even more patrols would change that. I would not walk my children on that sidewalk, we would definitely walk in the grass next to it. 

Practice basket w/ putting ring should be located slightly more northwest away from existing shelter and parking. Possibly security cameras?

Please comment on what you like about the proposed improvements. Please be concise.

I appreciate the plans of a restroom that sits above the flood zone as well as the additional parking; I don't feel that it needs to be more pavement. It's a park, let's support as many natural options we possibly can. 

Detention basin and bathrooms are of great importance. Good to see.
