Re: Amending Chapter 22 of the City Code as it relates to solid waste rates

## Executive Summary

Staff has prepared for Council consideration an ordinance amending Chapter 22, Section 161 (d) of the City Code as it relates to rates charged by the solid waste utility for front loading construction dumpsters.

## Discussion

At the September 17, 2018 City Council meeting, an ordinance amending Chapter 22 of the City Code was approved that increased rates for collection of refuse and recycling by 3%. The 3% rate increase for front loading construction dumpster collection service was inadvertently not included in the ordinance. This proposed ordinance revision will correct the omitted rate increase for front loading construction dumpsters.

## Fiscal Impact

Short-Term Impact: Increase the charges for servicing front loading construction dumpsters by 3% of fiscal year 2018 charges.

Long-Term Impact: Increase the charges for servicing front loading construction dumpsters by 3% of fiscal year 2018 charges.
