Re: Zoning Text Amendments - **#A1: 29-1.11(a) Definitions - General - Street, Arterial** (Case #49-2021)

Executive Summary

Approval will amend the UDC to revise the term *Arterial* to *Arterial Street*.

Discussion

Other street classifications listed in the UDC include the word *Street* in the defined term (e.g., *Collector Street*). When the different types of streets are listed in the definition section of the UDC, the term *Street* is listed first (e.g. *Street, Collector*), resulting in all of the street terms being grouped together in definitions. This revision would place the term *Street, Arterial* in the same alphabetical location as other defined streets.

The Planning and Zoning Commission considered this request at their January 21, 2021 meeting. Staff presented its report. No member of the public spoke during the public hearing. Following limited discussion, a motion to approve the zoning text amendment passed (8-0). As a note, the PZC reviewed a draft of the proposed text amendment during three work sessions prior to the public hearing.

The Planning Commission staff report, proposed text amendment sheets, and meeting minute excerpts are attached.
