Re: Appropriating Funds from Boone County relating to the Grace Lane Alignment Study

Executive Summary

Appropriating funds received from Boone County related to the Grace Lane Alignment Study completed by CBB in the spring of 2018.

Discussion

On July 17, 2017, Ordinance 023242 was passed by Council authorizing a cost allocation agreement with Boone County for a public infrastructure study of Grace Lane between Richland Road and St. Charles Road. It was determined by the City and County that it would be appropriate to share costs related to a study to analyze traffic flow and proposed alignments for Grace Lane. The study analyzed the existing and anticipated traffic flow on the corridor, and the results from the study will be used in analysis of future improvements and developments in this area.

The total cost of the study was \$95,185.60 and staff is appropriating the County's 50% share of \$47,592.80 to the project account.

Fiscal Impact

Short-Term Impact: Appropriating \$47,592.80, the County's 50% share of the cost to complete the Grace Lane Alignment Study. The City's share was funded using County Road Tax funds and 0.25 cent Capital Improvement Sales Tax funds.

Long-Term Impact: None related to this ordinance
