To: City of Columbia <taylor.shelton@como.gov>

Incident 302376 was assigned to you on 8/10/2018 3:15:30 PM.

Open Incident: PW Engineering - Action / Customer Feedback-PW Engineer created on 8/10/2018 3:04:49 PM by Stephanie Large - 1131.

Please refer to incident 302376 when inquiring about this incident.

Priority: 2 - Medium  
Assignee: Taylor Shelton

#### Incident Details:

Customer called and said he heard on KMIZ about the traffic calming on Walnut St (putting speed bumps half way down the block) Customer stated there are no warning signs that you're approaching a school from the east down Walnut St from Old 63. There are no speed limit signs. You need warning before that. Customer doesn't want the speed bumps put in front of his house. They don't even say reduce speed before you get to the crosswalk close to College on Walnut St. There is nothing. College to Melbourne There are no signs at all from Old 63. Caller ID 5732392504.
