Comments may also be faxed to... **(573) 449-9641**
or forwarded via E-mail to... **pubw@CoMo.gov**
(please include "William Street Traffic Calming" in the subject line and provide your name and complete mailing address)

- I support traffic calming being installed on William Street
- Traffic Calming wouldn't bother me if it were implemented properly
- I do NOT support traffic calming being install on William Street

Bass + Dorsey
William + Anthony
William + Anthony

We are accepting comments until May 25, 2018. Thank you for your input!

Comments: The Neighborhood Association supports the stop signs

Please consider a 4way stop at William + Anthony!!
Children have been killed there.

Also PLEASE at Bass + Dorsey. We need a 4way stop there.

People cannot see past the tennis courts.

Both Intersections are atypical for sight and topography reasons.

There is more space on the back of this form.

Comments:

There is substantial neighborhood
agreement for a stop sign at William
and Anthony; however, whatever
calming can be done would
help.

Comments:

not everyone thinks we need stop signs :
ask the people who live in neighborhood
as opposed to own property and have
over exaggerated concerns about safety

Comments: PedNet Coalition supports the need for traffic calming on Williams Street, based on the 85th percentile speeds up to 15mph higher than the speed limit. We particularly support traffic calming measures to increase facilities & safety for people walking & biking, such as raised crosswalks.

We also support the engineers' professional & data-driven determination that stop signs are not effective traffic calming devices.

Comments:

I would like to recommend a stop sign @ William + Anthony. Also @ ~~the~~ Hollis + William st, a stop sign. I feel there is no need for traffic calming on S. William I drive thru 7-8 time per day. The existing parked cars calm the traffic
