

STR DOCUMENT LIBRARY- CONDITIONAL ACCESSORY/CONDITIONAL USE SUPPLEMENTAL QUESTIONS FORM

All applications seeking a Tier 2 STR with 210 nights of rental use in the A, R-1, R-2, and R-MF zoning districts or a Tier 3 STR within the M-OF zoning district shall complete these supplemental questions. Failure to fully complete these questions will result in processing delays of the submitted STR application.

General Conditional Use Permit Review Criteria.

- (A) The proposed conditional use complies with all standards and provisions in this chapter applicable to the base and overlay zone district where the property is located;
- (B) The proposed conditional use is consistent with the city's adopted comprehensive plan;
Yes - It is preserving an original house in an all original neighborhood. This is consistent with guiding principle #8.
- (C) The proposed conditional use will be in conformance with the character of the adjacent area, within the same zoning district, in which it is located. In making such a determination, consideration may be given to the location, type and height of buildings or structures and the type and extent of landscaping and screening on the site;
Yes - The house is the original structure from 1950. The house and landscaping match the character of the neighborhood.
- (D) Adequate access is provided and is designed to prevent traffic hazards and minimize traffic congestion;
Yes - It is the last house on a dead end street. It has space for a least 4 cars in the driveway.
- (E) Sufficient infrastructure and services exist to support the proposed use, including, but not limited to, adequate utilities, storm drainage, water, sanitary sewer, electricity, and other infrastructure facilities are provided; and
Yes - The house has been a rental for multiple decades and converting it to a STR will decrease use of all services and utilities. It is also an all electric house with solar panels . Energy use is expected to be net zero.
- (F) The proposed conditional use will not cause significant adverse impacts to surrounding properties.
Converting to a STR will reduce traffic and human use of the property by 40-60% compared with a traditional rental. The property is renovated and well maintained.

- (B) Whether or not there are established STRs within 300 feet of the proposed STR measured in all directions from property lines “as the crow flies”.
- (C) Whether the proposed registrant has previously operated an STR and if such operation has resulted in a history of complaints, a denied STR certificate of compliance, or revocation of an issued STR certificate of compliance.
- (D) Whether the proposed STR will increase the intensity of the use of the property and cause increased traffic or noise coming from the property.
- (E) Whether there is support for the establishment of the proposed STR from neighboring property owners.

It is the last house on a street that dead ends into Again St. Park. I own 206 Redwood Rd, the only house that is adjacent to it. The northern boundary is Again St, Park and the eastern boundary is wooded with a parking lot behind the woods. My neighbor directly across the street is a friend who supports my use of 208 Redwood Rd as a STR.
