In this event, a supplemental agreement will be negotiated and executed prior to the Consultant performing the additional or changed services, or incurring any additional cost therefore. Any changes in the maximum compensation, or time and schedule of completion, will be covered in the supplemental agreement. Supplemental agreements must be approved by MoDOT to ensure additional funding is available.

(4) INFORMATION AND SERVICES PROVIDED BY THE SPONSOR:

(A) At no cost to the Consultant and in a timely manner, the Sponsor will provide available information of record which is pertinent to this project to the Consultant upon request. In addition, the Sponsor will provide the Consultant with the specific items or services set forth on Exhibit III to this Agreement, entitled "Services Provided by the Sponsor", which is attached hereto and made a part of this Agreement. The Consultant shall be entitled to rely upon the accuracy and completeness of such information, and the Consultant may use such information in performing services under this Agreement.

(B) The Consultant shall review the information provided by the Sponsor and will as expeditiously as possible advise the Sponsor of any of that information which the Consultant believes is inaccurate or inadequate or would otherwise have an effect on its design or any of its other activities under this Agreement. In such case, the Consultant shall provide new or verified data or information as necessary to meet the standards required under this Agreement. Any additional work required of the Consultant as the result of inaccurate or inadequate information provided by the Sponsor will be addressed per the provisions of paragraph 3 of this Agreement.

(5) RESPONSIBILITY OF THE CONSULTANT:

(A) The Consultant shall comply with applicable local, state and federal laws and regulations governing these services, as published and in effect on the date of this Agreement. The Consultant shall provide the services in accordance with the criteria and requirements established and adopted by the Sponsor as expressly established in this Agreement, consisting of published manuals and policies of MoDOT and FAA which shall be furnished by the Sponsor upon request.

(B) Without limiting the foregoing, land acquisition, environmental,

planning, design and construction criteria will be in accordance with the information set out in Exhibit II of this Agreement.

(C) The Consultant shall be responsible for the professional quality, technical accuracy, and the coordination of designs, drawings, specifications, and other services furnished under this Agreement. At any time during construction or during any phase of work performed by others based upon data, plans, designs, or specifications provided by the Consultant, the Consultant shall prepare any data, plans, designs, or specifications needed to correct any negligent acts, errors, or omissions of the Consultant or anyone for whom it is legally responsible in failing to comply with the foregoing standard. The services necessary to correct such negligent acts, errors, or omissions shall be performed without additional compensation, even though final payment may have been received by the Consultant. The Consultant shall provide such services as expeditiously as is consistent with professional performance. Acceptance of the services will not relieve the Consultant of the responsibility to correct such negligent acts, errors, or omissions.

(D) Completed design reports, plans and specifications, plans/specifications submitted for review by permit authorities, and plans/specifications issued for construction shall be signed, sealed, and dated by a professional engineer registered in the State of Missouri. Incomplete or preliminary plans or other documents, when submitted for review by others, shall not be sealed, but the name of the responsible engineer, along with the engineer's Missouri registration number, shall be indicated on the design report, plans and specifications or included in the transmittal document. In addition, the phrase "Preliminary - Not for Construction," or similar language, shall be placed on the incomplete or preliminary plan(s) in an obvious location where it can readily be found, easily read, and not obscured by other markings, as a disclosure to others that the design report, plans and specifications are incomplete or preliminary. When the design report, plans and specifications are completed, the phrase "Preliminary - Not for Construction" or similar language shall be removed and the design report, plans and specifications shall thereupon be sealed.

(E) The Consultant shall cooperate fully with the Sponsor's activities on adjacent projects as may be directed by the Sponsor. This shall include attendance at meetings, discussions, and hearings as requested by the Sponsor. The minimum number and location of meetings shall be defined in Exhibit II.

(F) In the event any lawsuit or court proceeding of any kind is brought against the Sponsor, arising out of or relating to the Consultant's activities or services performed under this Agreement or any project of construction undertaken employing the deliverables provided by the Consultant in performing this Agreement, the Consultant shall have the affirmative duty to assist the Sponsor in preparing the Sponsor's defense, including, but not limited to, production of documents, trials, depositions, or court testimony. Any assistance given to the Sponsor by the Consultant will be compensated at an amount or rate negotiated between the Sponsor and the Consultant as will be identified in a separate agreement between the Sponsor and the

Consultant. To the extent the assistance given to the Sponsor by the Consultant was necessary for the Sponsor to defend claims and liability due to the Consultant's negligent acts, errors, or omissions, the compensation paid by the Sponsor to the Consultant will be reimbursed to the Sponsor.

(6) NO SOLICITATION WARRANTY: The Consultant warrants that it has not employed or retained any company or person, other than a bona fide employee working for the Consultant, to solicit or secure this Agreement, and that it has not paid or agreed to pay any company or person, other than a bona fide employee, any fee, commission, percentage, brokerage fee, gifts, or any other consideration, contingent upon or resulting from the award or making of this Agreement. For breach or violation of this warranty, the Sponsor will have the right to terminate this Agreement without liability, or at its discretion, to deduct from the Agreement price or consideration, or otherwise recover, the full amount of such fee, commission, percentage, brokerage fee, gifts, or contingent fee, plus costs of collection including reasonable attorney's fees.

(7) SUBCONSULTANTS:

(A) The Consultant agrees that except for those firms and for those services listed below, there shall be no transfer of engineering services performed under this Agreement without the written consent of the Sponsor. Subletting, assignment, or transfer of the services or any part thereof to any other corporation, partnership, or individual is expressly prohibited. Any violation of this clause will be deemed cause for termination of this Agreement.

EXCEPTIONS (subconsultant information):

FIRM NAME	COMPLETE ADDRESS	NATURE OF SERVICES

(B) The Consultant agrees, and shall require the selected subconsultants, to maintain books, documents, papers, accounting records, and other evidence pertaining to direct costs and expenses incurred under the Agreement and to make such materials available at their offices at reasonable times during the Agreement period and for three (3) years from the date of final payment under the Agreement, for inspection by the Sponsor or any authorized representative of MoDOT, and copies thereof shall be furnished.

(C) Unless waived or modified by the Sponsor, the Consultant agrees to require, and shall provide evidence to the Sponsor, that those subconsultants shall maintain commercial general liability, automobile liability, and worker's compensation and employer's liability insurance, for not less than the period of services under such subconsultant agreements, and in not less than the following amounts:

2. Automobile Liability: \$500,000.00 per claim up to \$3,000,000.00 per occurrence;

3. Worker's Compensation in accordance with the statutory limits; and Employer's Liability: \$1,000,000.00; and

(D) The subletting of the services will in no way relieve the Consultant of its primary responsibility for the quality and performance of the services to be performed hereunder and the Consultant shall assume full liability for the services performed by its subconsultants.

(E) The payment for the services of any subconsultants will be reimbursed at cost by the Sponsor in accordance with the submitted invoices for such services, as set forth in paragraph (8), entitled "Fees and Payments".

(F) The Consultant agrees that any agreement between the Consultant and any subconsultant shall be an actual cost plus fixed fee agreement if the amount of the agreement between the Consultant and subconsultant exceeds \$25,000. Subconsultant agreements for amounts of \$25,000 or less may be lump sum or actual cost plus fixed fee as directed by the Sponsor.

(8) FEES AND PAYMENTS:

(A) The Consultant shall not proceed with the services described herein until the Consultant receives written authorization in the form of a Notice to Proceed from the Sponsor.

(B) The amount to be paid to the Consultant by the Sponsor as full remuneration for the performance of all services called for in this Agreement will be on the following basis, except that the lump sum fee for labor, overhead and profit plus other costs will not exceed a maximum amount payable of **\$57,961.**, which is shown in Exhibit IV, "Derivation of Consultant Project Costs", and Exhibit V, "Engineering Basic and Special Services-Cost Breakdown" attached hereto and made a part of this Agreement. Payment under the provisions of this Agreement is limited to those costs incurred in accordance with generally accepted accounting principles; to the extent they are considered necessary to the execution of the item of service.

(C) The Consultant's fee shall include the hourly salary of each associate and employee, salary-related expenses, general overhead, and direct non-salary costs as allowed by 48 CFR Part 31, the Federal Acquisition Regulations (FAR), and 23 CFR 172, Administration of Engineering and Design Related Service Contracts. The hourly salary of each associate and employee is defined as the actual productive salaries expended to perform the services. The other billable costs for the project are defined as follows:

1. Salary-related expenses are additions to payroll cost for holidays, sick leave, vacation, group insurance, worker's compensation insurance, social security taxes (FICA), unemployment insurance, disability taxes, retirement benefits, and other related items.

2. General overhead cost additions are for administrative salaries (including non-productive salaries of associates and employees), equipment rental and maintenance, office rent and utilities, office maintenance, office supplies, insurance, taxes, professional development expenses, legal and audit fees, professional dues and licenses, use of electronic computer for accounting, and other related items.

3. Direct non-salary costs incurred in fulfilling the terms of this Agreement, such as but not limited to travel and subsistence, subcontract services, reproductions, computer charges, materials and supplies, and other related items, will be charged at actual cost without any override or additives.

4. The additions to productive salaries for Items 8(C) 1 and 2 will be established based on the latest audit.

5. The Consultant shall provide a detailed manhour/cost breakdown for each phase of the project indicating each job classification with base wage rates and the number of hours associated with each phase. The breakdown shall include work activities and be in sufficient detail to reflect the level of effort involved. This information shall be attached hereto and made a part of this Agreement as Exhibit V "Engineering Basic and Special Services -Cost Breakdown".

6. The Consultant shall provide a detailed breakdown of all subconsultant fees, including overhead and profit.

7. The Consultant shall provide a detailed breakdown of all travel expense, living expense, reproduction expense and any other expense that may be incurred throughout the project. These expenses must be project specific and not covered in or by an overhead rate.

8. The property and equipment used on this project such as automotive vehicles, survey equipment, office equipment, etc., shall be owned, rented, or leased by the Consultant, and charges will be made to the project for the use of such property at the rate established by company policies and practices. Approval of the Sponsor and MoDOT will be required prior to acquisition of reimbursable special equipment.

(D) The Consultant shall submit an invoice for services rendered to the Sponsor not more than once every month. A progress summary indicating the current status of the services shall be submitted along with each invoice. Upon receipt of the invoice and progress summary, the Sponsor will, as soon as practical, but not later than 45 days therefrom, pay the Consultant for the services rendered, to the extent of ninety-

eight percent (98%) of the amount of the lump sum fee earned plus direct costs as reflected by the estimate of the portion of the services completed as shown by the progress summary, less partial payments previously made. A late payment charge of one and one-half percent (1.5%) per month shall be assessed for those invoiced amounts not paid, through no fault of the Consultant, within 45 days after the Sponsor's receipt of the Consultant's invoice. The Sponsor will not be liable for the late payment charge on any invoice which requests payment for costs which exceed the proportion of the maximum amount payable earned as reflected by the estimate of the portion of the services completed, as shown by the progress summary. Two percent (2%) of the amount earned will be retained by the Sponsor until the design services as covered by the Agreement are completed by the Consultant and approved by the Sponsor and MoDOT. The payment will be subject to final audit of actual expenses during the period of the Agreement. Upon completion and acceptance of the services required by paragraph (2), "Scope of Services," the two percent (2%) retainage will be paid to the Consultant. In the alternative to withholding the two percent (2%) retainage as set forth above, the Sponsor may accept a letter of credit or the establishment of an escrow account, in the amount of said two percent (2%) retainage and upon such other terms and conditions as may be acceptable to the Sponsor and the Consultant. If a letter of credit or escrow account is not acceptable to the Sponsor, then the two percent (2%) retainage will control.

(9) PERIOD OF SERVICE:

(A) The services, and if more than one then each phase thereof, shall be completed in accordance with the schedule contained in Exhibit VI, "Performance Schedule," attached hereto and made a part of this Agreement. The Consultant and the Sponsor will be required to meet this schedule.

(B) The Sponsor will grant time extensions for delays due to unforeseeable causes beyond the control of and without fault or negligence of the Consultant. Requests for extensions of time shall be made in writing by the Consultant, before that phase of work is scheduled to be completed, stating fully the events giving rise to the request and justification for the time extension requested. Such extension of time shall be the sole allowable compensation for all such delays. The Consultant may also receive an equitable adjustment in the maximum amount payable, provided the consultant can document the additional cost resulting from the delay. Any extensions or additional costs shall be subject to MoDOT approval.

(C) The Consultant and Sponsor agree that time is of the essence, and the Consultant and Sponsor will be required to meet the schedules in this Agreement. In the event of delays due to unforeseeable causes beyond the control of and without fault or negligence of the Consultant, no claim for damage shall be made by either party. The anticipated date of completion of the work, including review time, is stated in Exhibit VI of this Agreement. An extension of time shall be the sole allowable compensation for any such delays. The Consultant may also receive an equitable adjustment in the maximum amount payable, provided the consultant can document the

additional cost resulting from the delay. Any extensions or additional costs shall be subject to MoDOT approval.

(D) As used in this provision, the term "delays due to unforeseeable causes" includes the following:

1. War or acts of war, declared or undeclared;
2. Flooding, earthquake, or other major natural disaster preventing the Consultant from performing necessary services at the project site, or in the Consultant's offices, at the time such services must be performed;
3. The discovery on the project of differing site conditions, hazardous substances, or other conditions which, in the sole judgment of the Sponsor, justifies a suspension of the services or necessitates modifications of the project design or plans by the Consultant;
4. Court proceedings;
5. Changes in services or extra services.

(10) SUSPENSION OR TERMINATION OF AGREEMENT:

(A) The Sponsor may, without being in breach hereof, suspend or terminate the Consultant's services under this Agreement, or any part of them, for cause or for the convenience of the Sponsor, upon giving to the Consultant at least fifteen (15) days' prior written notice of the effective date thereof. The Consultant shall not accelerate performance of services during the fifteen (15) day period without the express written request of the Sponsor.

(B) Should the Agreement be suspended or terminated for the convenience of the Sponsor, the Sponsor will pay to the Consultant its costs as set forth in paragraph (8)(B), including a proportional amount of the lump sum fee based upon an estimated percentage of Agreement completion prior to such suspension or termination, direct costs as defined in this Agreement for services performed by the Consultant plus reasonable costs incurred by the Consultant in suspending or terminating the services. The payment will make no other allowances for damages or anticipated fees or profits. In the event of a suspension of the services, the Consultant's compensation and schedule for performance of services hereunder shall be equitably adjusted upon resumption of performance of the services.

(C) The Consultant shall remain liable to the Sponsor for any claims or damages occasioned by any failure, default, or negligent errors and/or omission in carrying out the provisions of this Agreement during its life, including those giving rise to a termination for non-performance or breach by Consultant. This liability shall survive and shall not be waived, or estopped by final payment under this Agreement.

(D) The Consultant shall not be liable for any errors or omissions contained in deliverables which are incomplete as a result of a suspension or termination where the Consultant is deprived of the opportunity to complete the Consultant's services.

(E) Upon the occurrence of any of the following events, the Consultant may suspend performance hereunder by giving the Sponsor 30 days advance written notice and may continue such suspension until the condition is satisfactorily remedied by the Sponsor. In the event the condition is not remedied within 120 days of the Consultant's original notice, the Consultant may terminate this agreement.

1. Receipt of written notice from the Sponsor that funds are no longer available to continue performance.

2. The Sponsor 's persistent failure to make payment to the Consultant in a timely manner.

3. Any material contract breach by the Sponsor.

(11) OWNERSHIP OF DRAWINGS AND DOCUMENTS:

(A) All drawings and documents prepared in performance of this Agreement shall be delivered to and become the property of the Sponsor upon suspension, abandonment, cancellation, termination, or completion of the Consultant's services hereunder; provided, however,

1. The Consultant shall have the right to their future use with written permission of the Sponsor;

2. The Consultant shall retain its rights in its standard drawing details, designs, specifications, CADD files, databases, computer software, and any other proprietary property; and

3. The Consultant shall retain its rights to intellectual property developed, utilized, or modified in the performance of the services subject to the following:

A. Copyrights. Sponsor, as the contracting agency, reserves a royalty-free, nonexclusive and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use, for Governmental purposes:

I. The copyright in any works developed under this agreement, or under a subgrant or contract under this agreement; and

II. Any rights of copyright to which Sponsor, its

consultant or subconsultant purchases ownership with payments provided by this agreement.

B. Patents. Rights to inventions made under this agreement shall be determined in accordance with 37 C.F.R. Part 401. The standard patent rights clause at 37 C.F.R. § 401.14, as modified below, is hereby incorporated by reference.

I. The terms "to be performed by a small business firm or domestic nonprofit organization" shall be deleted from paragraph (g)(1) of the clause;

II. Paragraphs(g)(2) and (g)(3) of the clause shall be deleted; and

III. Paragraph (l) of the clause, entitled "communications" shall read as follows: "(l) Communications. All notifications required by this clause shall be submitted to the Sponsor".

IV. The following terms in 37 C.F.R. 401.14 shall for the purpose of this Agreement have the following meaning:

Contractor - Consultant

Government and Federal Agency - Sponsor

Subcontractor - Subconsultant

4. Basic survey notes, design computations, and other data prepared under this Agreement shall be made available for use by the Sponsor without further compensation and without restriction or limitation on their use.

(B). Electronically Produced Documents:

1. Electronically produced documents will be submitted to the Sponsor in data files compatible with **Autocad 2018** (specify CADD version). The Consultant makes no warranty as to the compatibility of the data files beyond the above specified release or version of the stated software.

2. Because data stored on electronic media can deteriorate undetected or be modified without the Consultant's knowledge, the electronic data files submitted to the Sponsor will have an acceptance period of 60 days after receipt by the Sponsor. If during that period the Sponsor finds any errors or omissions in the files, the Consultant will correct the errors or omissions as a part of this Agreement. The Consultant will not be responsible for maintaining copies of the submitted electronic data files after the acceptance period.

3. Any changes requested after the acceptance period will be considered additional services for which the Consultant shall be reimbursed at the hourly rates established herein plus the cost of materials.

4. The data on the electronic media shall not be considered the Consultant's instrument of service. Only the submitted hard copy documents with the Consultant Engineer's seal on them will be considered the instrument of service. The Consultant's nameplate shall be removed from all electronic media provided to the Sponsor.

(C) The Sponsor may incorporate any portion of the deliverables into a project other than that for which they were performed, without further compensation to the Consultant; provided however, that (1) such deliverables shall thereupon be deemed to be the work product of the Sponsor and the Sponsor shall use same at its sole risk and expense; and (2) the Sponsor shall remove the Consultant's name, seal, endorsement, and all other indices of authorship from the deliverables.

(12) DECISIONS UNDER THIS AGREEMENT AND DISPUTES:

(A) The Sponsor will determine the acceptability of the drawings, specifications, and estimates and all other deliverables to be furnished, and will decide the questions that may arise relative to the proper performance of this Agreement. The determination of acceptable deliverables may occur following final payment, and as late as during the construction of the project which decisions shall be conclusive, binding and incontestable, if not arbitrary, capricious or the result of fraud.

(B) The Sponsor will decide all questions which may arise as to the quality, quantity, and acceptability of services performed by Consultant and as to the rate of progress of the services; all questions which may arise as to the interpretation of the plans and specifications; all questions as to the acceptable fulfillment of the Agreement on the part of the Consultant; the proper compensation for performance or breach of the Agreement; and all claims of any character whatsoever in connection with or growing out of the services of the Consultant, whether claims under this Agreement or otherwise. The Sponsor's decisions shall be conclusive, binding and incontestable if not arbitrary, capricious or the result of fraud.

(C) If the Consultant has a claim for payment against the Sponsor which in any way arises out of the provisions of this Agreement or the performance or non-performance hereunder, written notice of such claim must be made in triplicate within sixty (60) days of the Consultant's receipt of payment for the retained percentage. Notwithstanding paragraph 20 of this Agreement, the notice of claim shall be personally delivered or sent by certified mail to the Sponsor. The notice of claim shall contain an itemized statement showing completely and fully the items and amounts forming the basis of the claim and the factual and legal basis of the claim.

(D) Any claim for payment or an item of any such claim not included in the notice of claim and itemized statement, or any such claim not filed within the time provided by this provision shall be forever waived, and shall neither constitute the basis of nor be included in any legal action, counterclaim, set-off, or arbitration against the Sponsor.

(E) The claims procedure in paragraphs 12 (C) and (D) do not apply to any claims of the Sponsor against the Consultant. Further, any claims of the Sponsor against the Consultant under this Agreement are not waived or stopped by the claims procedure in paragraphs 12 (C) and (D).

(F) Notwithstanding paragraphs (A) through (E) above, in the event of any material dispute hereunder, both parties agree to pursue, diligently and in good faith, a mutually acceptable resolution.

(13) SUCCESSORS AND ASSIGNS: The Sponsor and the Consultant agree that this Agreement and all agreements entered into under the provisions of this Agreement shall be binding upon the parties hereto and their successors and assigns.

(14) INDEMNIFICATION RESPONSIBILITY:

(A) The Consultant agrees to save harmless the Sponsor and MoDOT from all liability, losses, damages, and judgments for bodily injury, including death, and property damage to the extent due to the Consultant's negligent acts, errors, or omissions in the services performed or to be performed under this Agreement, including those negligent acts, errors, or omissions of the Consultant's employees, agents, and subconsultants.

(B) The Consultant shall be responsible for the direct damages incurred by the Sponsor as result of the negligent acts, errors, or omissions of the Consultant or anyone for whom the Consultant is legally responsible, and for any losses or costs to repair or remedy construction as a result of such negligent acts, errors or omissions; provided, however, the Consultant shall not be liable to the Sponsor for such losses, costs, repairs and/or remedies which constitute betterment of or an addition of value to the construction or the project.

(C) Neither the Sponsor 's review, approval or acceptance of, or payment for, any services required under this Agreement, nor the termination of this Agreement prior to its completion, will be construed to operate as a waiver of any right under this Agreement or any cause of action arising out of the performance of this Agreement. This indemnification responsibility survives the completion of this Agreement, as well as the construction of the project at some later date, and remains as long as the construction contractor may file or has pending a claim or lawsuit against the Sponsor on this project arising out of the Consultant's services hereunder.

(15) INSURANCE:

(A) The Consultant shall maintain commercial general liability, automobile liability, and worker's compensation and employer's liability insurance in full force and effect to protect the Consultant from claims under Worker's Compensation Acts, claims for damages for personal injury or death, and for damages to property arising from the negligent acts, errors, or omissions of the Consultant and its employees, agents, and subconsultants in the performance of the services covered by this Agreement, including, without limitation, risks insured against in commercial general liability policies.

(B) The Consultant shall also maintain professional liability insurance to protect the Consultant against the negligent acts, errors, or omissions of the Consultant and those for whom it is legally responsible, arising out of the performance of professional services under this Agreement.

(C) The Consultant's insurance coverages shall be for not less than the following limits of liability:

1. Commercial General Liability: \$500,000.00 per claim up to \$3,000,000.00 per occurrence;

2. Automobile Liability: \$500,000.00 per claim up to \$3,000,000.00 per occurrence;

3. Worker's Compensation in accordance with the statutory limits; and Employer's Liability: \$1,000,000.00; and

4. Professional ("Errors and Omissions") Liability: \$1,000,000.00, each claim and in the annual aggregate.

(D) The Consultant shall, upon request at any time, provide the Sponsor with certificates of insurance evidencing the Consultant's commercial general or professional liability ("Errors and Omissions") policies and evidencing that they and all other required insurance is in effect, as to the services under this Agreement.

(E) Any insurance policy required as specified in paragraph (15) shall be written by a company, which is incorporated in the United States of America or is based in the United States of America. Each insurance policy must be issued by a company authorized to issue such insurance in the State of Missouri.

(16) CONSTRUCTION PHASE OF THE PROJECT:

(A) This Agreement does not include construction phase services. Review of shop drawings and other construction phase services can be added by

supplemental agreement after design has been completed and the construction contract period has been determined.

(B) Because the Consultant has no control over the cost of labor, materials, equipment, or services furnished by others, or over the construction contractor(s)' methods of determining prices, or over competitive bidding or market conditions, any of the Consultant's opinions of probable project costs and/or construction cost, if provided for herein, are to be made on the basis of the Consultant's experience and qualifications and represent the Consultant's best judgment as an experienced and qualified design professional, familiar with the construction industry, but the Consultant cannot and does not guarantee that proposals, bids, or actual total project costs and/or construction costs will not vary from opinions of probable costs prepared by the Consultant.

(C) The Consultant shall not have control over or charge of and shall not be responsible for construction means, methods, techniques, sequences, or procedures, or for safety precautions and programs in connection with the construction work, since these are solely the construction contractor(s)' responsibility under the construction contract(s). The Consultant shall not be responsible for the construction contractor(s)' schedules or failure to carry out the construction work in accordance with the construction contract(s). The Consultant shall not have control over or charge of acts of omissions of the construction contractor(s), or any of its or their subcontractors, agents, or employees, or of any other persons performing portions of the construction work.

(17) MISSOURI NONDISCRIMINATION CLAUSE: The Consultant shall comply with all the provisions of Executive Order No. 94-03, issued by the Honorable Mel Carnahan, Governor of Missouri, on the fourteenth (14th) day of January 1994, which executive order is incorporated herein by reference and is made a part of this Agreement. This Executive Order promulgates a Code of Fair Practices for the Executive Branch of Missouri Government and prohibits discrimination against recipients of services, and employees or applicants or employment of state contractors and subcontractors, on the grounds of race, color, religion, national origin, sex, age, disability, or veteran status. The Consultant shall also comply with all state and federal statutes applicable to Consultant relating to nondiscrimination, including, but not limited to, Chapter 213, RSMo; Title VI and Title VII of the Civil Rights Act of 1964 as amended (42 U.S.C. Sections 2000d and 2000e, *et seq.*); and with any provision of the "Americans with Disabilities Act" (42 U.S.C. Section 12101, *et seq.*).

(18) ACTIONS: No action may be brought by either party hereto concerning any matter, thing, or dispute arising out of or relating to the terms, performance, non-performance, or otherwise of this Agreement except in the Circuit Court of Boone County, Missouri. The parties agree that this Agreement is entered into at Columbia, Missouri and substantial elements of its performance will take place or be delivered at Columbia, Missouri, by reason of which the Consultant consents to venue of any action against it in Boone County, Missouri. The Consultant shall cause this provision to be incorporated into all of its agreements with, and to be binding upon, all subconsultants

of the Consultant in the performance of this Agreement.

**SCOPE OF BASIC SERVICES**  
**FOR**  
**A DOCUMENTED CATEGORICAL EXCLUSION (CATEX)**  
**FOR THE PROPOSED TERMINAL BUILDING DEVELOPMENT AND**  
**CONSTRUCTION PROGRAM**  
**AT**  
**COLUMBIA REGIONAL AIRPORT**

### **A. PROJECT NAME:**

1. **Project Name:** Prepare a Documented Categorical Exclusion Checklist, (CATEX) for the proposed terminal building development and construction program at the Columbia Regional Airport (COU) in Columbia, Missouri.
2. **Description of Improvements:** The limits of the proposed improvements are shown on EXHIBIT No. 1. A brief description of the project is as follows:
  - a. Prepare a Documented CATEGORICAL EXCLUSION (CATEX) in support of FAA requirements regarding development of a future passenger air carrier terminal, apron, taxiways, access and service roads, parking lots, and associated development. The preparation of this CATEX will assess the potential direct and indirect effects of construction of a new terminal building and demolition of the existing buildings along with associated developments on property owned by COU.
  - b. The environmental services required for completion of a documented CATEX will be based on the analysis that was provided in the COU Final Environmental Assessment for Airside, Landside, and Surface Transportation Developments (FEA), and Finding on No Significant Impact (FONSI) approved by FAA on July 23, 2013; and the Terminal Area Plan, completed by COU in 2017.

### **B. DESCRIPTION OF SERVICES TO BE PERFORMED**

CONSULTANT has developed the following Scope of Services to perform engineering and environmental services for the aforementioned project. The Scope of Services is defined as follows:

1. **Project Management and Coordination:** The Consultant will provide the following services:
  - a. **Project Management and Invoicing** – project communications (including monthly status conference calls), project management, and project invoicing. Although this work is funded through a Missouri State Block Grant, the FAA is the federal agency responsible for ultimately reviewing this work. FAA quarterly performance reporting forms will be submitted to the MoDOT, FAA and COU for all quarters throughout the duration of this project.

- b. MoDOT/FAA Coordination: The Federal Aviation Administration (FAA) ARP SOP No 5.1 Documented CATEX Checklist (effective date June 2, 2017) will be completed along with appropriate supportive documentation.
2. Project Description – Need and Purpose:
- a. Consultant will identify the need for the proposed action (new passenger terminal development), the purpose of the proposed action(s), and the proposed time frame(s) for the proposed action(s) as described by COU.
  - b. Consultant will Coordinate with COU the collection and review of documentation and other relevant information supporting the need for the project, including specific justification, passenger and activity forecasts, and complete terminal planning.
  - c. Consultant will determine the appropriate paragraphs from FAA Order 1050.1F (paragraphs 5-6.1 through 5-6.6) or from 5050.4B (Tables 6-1 and 6-2) that apply to the proposed action; and describe any differences from those actions that may apply to this proposed action.
3. Categorical Exclusion:
- a. Consultant will use FAA Order 1050.1F, 5050.4B, and the Environmental Desk Reference to determine the information to be included in the checklist. Background information provided in the 2013 FEA/FONSI will be used to describe existing site conditions, survey results, and activity forecasts. Additional information will be collected through a thorough desktop analysis and coordination with appropriate local, state, and Federal agencies.
    - i. Review Previous Studies: Review the previously approved FEA/FONSI (2013) and Terminal Area Plan (2017).
    - ii. Agency Scoping: Develop and send letters to appropriate local, state, and Federal agencies soliciting information applicable to the proposed action, including surveys, permits, or other authorizations that were not completed as part of the previous NEPA process conducted at COU as well as any additional findings under other Federal laws that would pertain to the proposed undertaking. Agencies will be provided a 30-day period from the date they receive the letter to respond.
    - iii. Tribal Coordination: Support FAA coordination with Federally recognized tribes, as appropriate.
    - iv. Database Search and Review: Conduct EDR Database Search for the terminal area. The terminal area was not evaluated in detail in the 2013 FEA/FONSI.
    - v. CATEX Checklist Completion: Complete the CATEX Checklist and provide all supportive documentation to COU, MoDOT and FAA for

review and approval. This task includes one round of review and comment by COU, and one round of review and comment by MoDOT/FAA.

4. Deliverables:
  - a. Prefinal CATEX Checklist and all supporting information (e.g., figures, maps).
  - b. Prefinal copies of all agency and tribal correspondence. Documentation will be submitted to COU, MoDOT and FAA for final review comments.
  - c. Final CATEX Checklist and all supporting information (e.g., figures, maps).
  - d. Final copies of all agency and tribal correspondence. Documentation will be submitted to COU, MoDOT and FAA for final review comments.
  
5. Scope of Services Not Included in Documented CATEX Scope of Services:
  - a. Detailed analyses to determine the impacts of the proposed action on: air quality, noise/sensitive receptors, traffic or parking analyses, wetland or waters of the US surveys, water quality analysis or sampling, threatened or endangered species or habitat surveys, or hazardous material or waste site surveys or Phase I Environmental Site Assessments per ASTM standards.
  - b. Consultation with the Missouri State Historic Preservation under Section 106 of the National Historic Preservation Act; nor consultation under Section 4(f) of the US DOT Act.
  - c. Cultural Resource Investigation Phase I Survey for the proposed terminal location.
  - d. Consultation with US Fish and Wildlife Services under Section 7 of the Endangered Species Act.
  - e. Construction or environmental permitting required for the construction of the new terminal (e.g., NPDES, SWPPP, Section 404/401, local land clearing, etc.).
  - f. Public involvement – public meetings or presentation to the City Council or County Board of Commissioners.

### **C. CATEX Assumptions**

In preparing this Scope of Services, there are certain assumptions the Consultant has made including the following:

1. The 2013 FEA/FONSI and Terminal Area Plan will provide the information necessary to complete the CATEX Checklist.
2. The buildings in the terminal area have not been considered eligible for listing in the National Register of Historic Places (NRHP). Associated structures were not included in the Area of Potential Effect (APE) evaluated in the 2013 FEA/FONSI.

**D. SPONSOR RESPONSIBILITIES**

1. Draft a resolution for the approval for the Documented CATEX.
2. Arrange for access to and make all provisions for the Consultant to enter upon public and private property as required to perform their services, if needed.
3. Designate in writing a person to act as COU representative. Such person will have complete authority to transmit instructions, receive information, and interpret and define policies and decisions.
4. Give prompt written notice to the Consultant whenever COU observes or knows of any development that affects the scope or timing of services.
5. Provide one (1) copy of existing plans, reports, or other data COU may have on file needed for background information to complete the Documented CATEX.
6. Meet the requirements of Section 508 of the Rehabilitation Act which requires that electronic information technology (EIT) meets specific accessibility standards for people with disabilities, and public access to and use of information and data comparable to that provided to those without disabilities.

**E. Estimated Time of Completion**

The time to complete the Scope of Services for Items identified in B. and C. of this Scope of Work is estimated at One Hundred Twenty (120) calendar days from the Notice to Proceed (NTP).

**END OF SCOPE OF BASIC SERVICES**
