

Date: July 21, 2017

To: Honorable Mayor Brian Treece
Members of City Council

From: Bicycle and Pedestrian Commission

RE: Vision Zero Action Plan

The Bicycle and Pedestrian Commission would like to commend you, the City Manager, and City staff for the development of the Vision Zero Action Plan which was shared as a report at the May 15, 2017 City Council meeting. The actions laid out in the plan are a strong first step toward the implementation of Columbia's Vision Zero Policy. In addition, the appointments of Heather Cole and Richard Stone as leads on the project show the strong commitment the City of Columbia has for achieving zero deaths and serious injuries in our transportation system.

The Bicycle and Pedestrian Commission would also like to voice its support for the City Manager's recommendation to allocate \$100,000 from Council's budget surplus to help fund Vision Zero in Fiscal Year 2018. Beyond 2018 we ask that consideration be given to a "1% for Safety" funding strategy for future action plans.

Respectfully,

A handwritten signature in black ink, appearing to read "Jason Patrie", written over a horizontal line.

Jason Patrie, Chair
Bicycle and Pedestrian Commission
