Discussion

This contract allows the Department of Public Health and Human Services to provide supplementary nutrition packages, nutrition education, health referral services, and breastfeeding promotion and support to low income pregnant and breastfeeding women, infants, and children through age 5 years.

Base funding is based on caseload number, which is determined by the average number of participants served in the previous year. Special project funding is used for breastfeeding support services. The base grant for FY2025 is \$574,763 with an additional \$30,742 for special projects. The total funding for FY2025 is \$605,505. This is a slight increase over FY2024 (\$580,043) due to an increase in caseload.
