Re: Missouri Highways and Transportation Commission Temporary Easement for Highway Purposes

## Executive Summary

Staff has prepared for Council consideration an ordinance allowing the City Manager to grant the Missouri Highways and Transportation Commission an additional temporary easement for highway purposes.

## Discussion

The Missouri Highways and Transportation Commission (MHTC) has planned an improvement project along Route 763 in Boone County. The project includes pavement, sidewalk and entrance improvements along Route 763 in Boone County, Missouri.

On November 20<sup>th</sup>, 2017 Council approved a temporary easement for highway purposes along the west side of Route 763. The project affects a portion of the COLT Railroad located on the east and west sides of Route 763. This request is for an additional temporary easement for highway purposes along the east side of Route 763. Because of the benefits to be derived from the project, MHTC has requested an agreement with the City for Temporary Construction Easements needed to accomplish the construction.
