

FY 2019 CDBG, CDBG-CV and HOME Annual Action Plan

City of Columbia

Amended 5/29/25

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The U.S. Department of Housing and Urban Development (HUD) defines the City of Columbia as an entitlement community due to its population and demographics. As an entitlement community, the City of Columbia receives an annual allocation of Community Development Block Grant (CDBG) and HOME program funding. The City of Columbia is required to submit an Annual Action Plan identifying community needs and funding priorities, in order to receive annual funding. The City of Columbia also values the importance of strategic planning when implementing the use of public funds. This Annual Action Plan is for program year 2019 and will become effective retroactively to January 1, 2019. CDBG funding allocations were level at \$923,114 and slightly down for HOME at \$580,720 for HOME; however this year's federal budget remains significantly increased from recent years prior to 2018. CDBG realized a %10 increase in funding in 2018 and a 43% increase to HOME. Staff is planning for level funding for FY 2020.

The City of Columbia must amend an Annual Action Plan whenever it removes a project; adds a project; or substantially changes the purpose, scope, location or beneficiaries of a project. This amendment was necessitated due to certain projects' failure to move forward or expend all allocated funding. A Request for Proposals for reallocating CDBG, HOME, and CDBG-CV funds was opened on April 21, 2025, with a deadline for proposals of May 9, 2025. On May 14, 2025 the Housing and Community Development Commission (HCDC) recommended reallocating \$13,125.27 of FY 2019 CDBG funds and \$60,688.22 of CDBG-CV funding and amending the associated FY 2019 Annual Action Plan in accordance with the table below.

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The City of Columbia undertook a significant public input and planning process during the year leading up to the submission of its 2015-2019 Consolidated Plan. Public input was obtained through community focus groups, citizen surveys and public hearings. The objectives and outcomes identified in the plan are a direct result of priority needs identified by the public. Citizens were asked to identify priority needs in five categories including economic development, affordable housing, fair housing, neighborhood needs and community facilities. The City also obtained significant public input through 6 public hearings and a community need survey update pertaining to FY 2019 funding priorities. The City obtained responses

from 333 individuals through the FY 2019 Community Development Needs Survey, which represents a steady annual increase in survey responses.

All objectives and outcomes identified in the plan will meet a national objective identified by HUD through providing decent affordable housing, creating suitable living environments and improving economic opportunity.
