Re: Appropriation of Funds - Avenue of the Columns Improvement Project

Executive Summary

Appropriating funds previously received and deposited into the Avenue of the Columns improvement project miscellaneous revenue account in order close the project account.

Discussion

In 2015, construction began on the Avenue of the Columns project with the goal of creating a beautiful, historic walkway from columns to columns that incorporated landscaping, trees, brick, stone and lighting. With the recent completion of this improvement project staff must appropriate funds that were received and deposited into the project's miscellaneous revenue account prior to closing the project account. Therefore, staff is requesting to appropriate \$12,735.60 received from S.B.J. Holdings LLC and CH Properties LLC from the miscellaneous revenue account to the project's operating account.
