Allison

On behalf of the COMO African American Heritage Committee, I am submitting this letter of support for the Public Works Fourth and Broadway Crossing Project. I think this will be a great benefit for the trail tours and citizens of Columbia. The new crosswalk from the northeast corner to the southeast corner of the Fourth Street and Broadway intersection is directly along the path of the African American Heritage Train and will make it much easier to cross Broadway and connect to a least 6 of our AAHT sites. The new ADA compliant sidewalk ramps and landings plus the raised pedestrian island will be a welcomed addition also.

The Sharp End Heritage and African American Heritage Committees are fully supportive of the plans for the Fourth and Broadway crossing project. We are looking forward to its completion.

Sincerely

A handwritten signature in black ink that reads 'James A. Whitt'. The signature is written in a cursive style with a large initial 'J'.
