Re: Legislative Monitoring Priorities

## Executive Summary

The proposed resolution identifies legislative monitoring priorities for 2019. PR 25-18, relating to intergovernmental relations and adopted March 5, 2018, remains in effect and allows for full Council participation and for day-to-day delegation to the City Manager.

## Discussion

The proposed bill-tracking categories (Appendix A) include priorities historically identified by City Council members; the City Manager; and the Columbia/Boone County Partnership. The Partnership jointly supports and encourages support for a limited number of bills. It includes representatives from the City of Columbia; Boone County; Columbia Chamber of Commerce; Columbia Public Schools; University of Missouri; and Moberly Area Community College.

The scope and nature of legislation will continue to change until the end of session in mid-May. The City's priorities should be focused primarily on critical issues and then on a "watch list" of bills that could affect City operations. We will continue to consult with statewide associations, including the Missouri Municipal League, where there are common interests.
