Discussion

The City of Columbia's finances has been audited in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. AGH has issued The Annual Comprehensive Financial Report on the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Columbia, as of the year-end September 30, 2022. The related notes to the financial statements are submitted for your review in compliance with the provisions of Article II, Section 17 of the City Charter. This report was prepared by the staff of the Finance Department in close cooperation with the external auditor, AGH LC. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the City. We believe the data, as presented, is accurate in all material aspects, that it is presented in a manner designed to fairly set forth the financial activity of its various funds and that all disclosures necessary to enable the reader to gain the maximum understanding of the City's financial affairs have been included.
