If the vaccines costs are funded through the Vaccines for Children (VFC) program or any other federal source, the costs of the vaccines are not included in the CHIP claiming. The immunization program costs claimed under CHIP are net of revenue obtained from billing Medicaid and other insurers for administrative costs.

LPHAs offer newborn home visiting programs to high risk families. Clinical staff and other trained professionals provide a range of services to young families to ensure the healthy development of infants and toddlers.
- 1.2.4 *School health programs*  
LPHAs provide health related services in schools and pre-schools including health education, screenings, maintenance of health records, basic nursing services and referrals, as needed, to other health care providers. These services are distinct and different from the services provided in schools as part of special education services authorized under the Individuals with Disabilities Education Act (IDEA).
