

AGREEMENT
For
PROFESSIONAL ENGINEERING SERVICES
Between
THE CITY OF COLUMBIA, MISSOURI
And
WALKER CONSULTANTS

THIS AGREEMENT made by and between the City of Columbia, Missouri (hereinafter called "CITY"), and **Walker Consultants** (hereinafter called "ENGINEER"), is entered into on the date of the last signatory noted below (the "Effective Date").

WITNESSETH, that whereas CITY intends to make improvements as described below, hereinafter called the PROJECT, consisting of the following:

Walker will develop a formal plan to evaluate and implement Residential Parking by Permit Only (RPPO) programs in defined areas where residents have expressed a need for improved on-street parking management. The purpose of the RPPO Plan is to develop a comprehensive analysis that provides both a quantitative and qualitative policy assessment and defines a process by which a RPPO program is established within a neighborhood and regulated by the City. The RPPO evaluation will provide the City with a policy guideline to assist City-recognized neighborhood associations with a format for requesting a RPPO review and the implementation of a program.

(Description of Project)

NOW, THEREFORE, in consideration of the mutual covenants set out herein the parties agree as follows:

ENGINEER shall serve as CITY's professional engineering contractor in those assignments to which this Agreement applies, and shall give consultation and advice to CITY during the performance of the services. All services shall be performed under the direction of a professional engineer registered in the State of Missouri and qualified in the particular field.

SECTION 1 - AUTHORIZATION OF SERVICES

1.1 ENGINEER shall not undertake to begin any of the services contemplated by this agreement until directed in writing to do so by CITY. CITY may elect to authorize the PROJECT as a whole or in parts.

1.2 Authorized work may include services described hereafter as Basic Services or as Additional Services of ENGINEER.

SECTION 2 - BASIC SERVICES OF ENGINEER

2.1 General

2.1.1 Perform professional engineering services as set forth in Attachment A - "Scope of Basic Services," dated **October 24, 2018** (hereinafter referred to as "Scope of Basic Services").

2.1.2 ENGINEER will designate the following listed individuals as its project team with responsibilities as assigned. ENGINEER shall dedicate whatever additional resources are necessary to accomplish the PROJECT within the specified time frame but will not remove these individuals from the assigned tasks for any reason within the control of ENGINEER without the written approval of CITY.

| <u>Name and Title</u> | <u>Assignment</u> |
|---|---|
| Philip Baron – Director of Planning | Project Management, Community Engagement |
| David Lieb – Senior Consultant | Policy Advisor, Community Engagement |
| Phill Schragal – Operations Consultant | Market Research, RPPO Operations |
| Ashley Hiniker – Operations Consultant | Market Research, RPPO Operations |
| Andrew Baglini – Analyst | Technical Assistant |

All of the services required hereunder will be performed by ENGINEER or under its supervision and all personnel engaged in the work shall be fully qualified and authorized or permitted under state and local law to perform such services.

None of the work or services covered by this Agreement shall be subcontracted without the prior written approval of CITY and any work or services so subcontracted shall be subject to the provisions of this Agreement.

2.2 ENGINEER shall furnish such periodic reports as CITY may request pertaining to the work or services undertaken pursuant to this Agreement, the costs and obligations incurred or to be incurred, and any other matters covered by this Agreement.

2.3 ENGINEER shall maintain accounts and records, including personnel, property and financial records, adequate to identify and account for all costs pertaining to the Agreement and any other records as deemed necessary by CITY to assure proper accounting for all project funds. These records must be available to CITY or its authorized representatives, for audit purposes, and must be retained for three (3) years after expiration or completion of this Agreement.

SECTION 3 - ADDITIONAL SERVICES OF ENGINEER

3.1 General

If authorized in writing by CITY, and agreed to in writing by ENGINEER, ENGINEER shall furnish or obtain from others Additional Services of the following types which are not considered normal or customary Basic Services. The scope of Additional Services may include:

3.1.1 Financial Consultation

Consult with CITY's fiscal agents and bond attorneys and provide such engineering data as required for any bond prospectus or other financing requirements.

3.1.2 Property Procurement Assistance

Provide consultation and assistance on property procurement as related to professional engineering services being performed.

3.1.3 Obtaining Services of Others

Provide through subcontract the services or data set forth in Scope of Basic Services. ENGINEER is prohibited from holding a retainage on any payment to a subcontractor that provides any services or work on this Project.

3.1.4 Preliminary or final engineering design of capital facilities except as specifically identified herein.

3.1.5 Preparation of reports, data, application, etc., in connection with modifications to FEMA floodplain definition and/or mapping.

3.1.6 Extra Services

Services not specifically defined heretofore that may be authorized in writing by CITY.

SECTION 4 - RESPONSIBILITIES OF CITY

4.1 Provide full information as to CITY's requirements for the PROJECT.

4.2 Assist ENGINEER by placing at ENGINEER's disposal available information pertinent to the assignment including previous reports and other data relative thereto, including the items outlined in Scope of Basic Services.

4.3 Guarantee access to and make all provisions for ENGINEER to enter upon public and private property as required for ENGINEER to perform ENGINEER's services under this Agreement.

4.4 Examine all studies, reports, sketches, estimates, Bid Documents, Drawings, proposals and other documents presented by ENGINEER and render in writing decisions pertaining thereto.

4.5 Provide such professional legal, accounting, financial and insurance counseling services as may be required for the PROJECT.

4.6 Designate **David Nichols, P.E., Public Works Director**, as CITY's representative with respect to the services to be performed under this Agreement. Such person shall have complete authority to transmit instructions, receive information, interpret and define CITY's policies and decisions with respect to materials, equipment, elements and systems to be used in the PROJECT, and other matters pertinent to the services covered by this Agreement. The CITY'S designated representative may be changed during the duration of this Agreement by written notice from the City Manager, or City Manager's designee, to ENGINEER.

4.7 Give prompt written notice to ENGINEER whenever CITY observes or otherwise becomes aware of any defect in the PROJECT.

4.8 Furnish approvals and permits from all governmental authorities having jurisdiction over the PROJECT and such approvals and consents from others as may be necessary for completion of the PROJECT.

4.9 Furnish ENGINEER data such as probings and subsurface explorations, with appropriate professional interpretations; property, boundary, easement, right-of-way, topographic and utility surveys; zoning and deed restriction; and other special data or consultations, all of which ENGINEER may rely upon in performing his services under this Agreement.

SECTION 5 - PERIOD OF SERVICE

5.1 This Agreement will become effective upon the first written notice by CITY authorizing services hereunder.

5.2 This Agreement shall be applicable to all work assignments authorized by CITY subsequent to the date of its execution and shall be effective as to all assignments authorized.

5.3 Services shall be started within 10 calendar days of Notice to Proceed and completed within **365** calendar days from the issuance of the Notice to Proceed. CITY shall have the right to establish performance times for individual phases or elements of the PROJECT by delivering a written schedule setting out the performance times to the ENGINEER.

SECTION 6 - PAYMENTS TO ENGINEER

6.1 Amount of Payment

6.1.1 For services performed, CITY agrees to pay ENGINEER the sum of **\$125,000**, which shall constitute complete compensation for all services and payment of expenses to be rendered under this Agreement.

6.1.2 It is expressly understood that in no event will the total amount paid to ENGINEER under the terms of this Agreement, or any amendment thereto, exceed the sum set forth in paragraph 6.1.1 unless otherwise agreed to in writing between the parties in advance of the provision of such services.

6.2 Payments

6.2.1 ENGINEER shall submit an invoice to CITY for the percentage of services rendered to date under this Agreement not more than once every month. Upon receipt of the invoice and progress report, CITY will, as soon as practical, pay ENGINEER for the services rendered, provided CITY does not contest the invoice.

SECTION 7 - GENERAL CONSIDERATIONS

7.1 Insurance

7.1.1 **ENGINEER'S INSURANCE:** ENGINEER agrees to maintain, on a primary basis and at its sole expense, at all times during the life of this contract the following insurance coverages, limits, including endorsements described herein. The requirements contained herein, as well as CITY's review or acceptance of insurance maintained by ENGINEER is not intended to and shall not in any manner limit or qualify the liabilities or obligations assumed by ENGINEER under this contract.

Commercial General Liability ENGINEER agrees to maintain Commercial General Liability at a limit of liability not less than **\$2,000,000** combined single limit for any one occurrence covering both bodily injury and property damage, including accidental death. Coverage shall not contain any endorsement(s) excluding nor limiting Contractual Liability or Cross Liability. If the contract involves any underground/digging operations, the general liability certificate shall include X, C and U (Explosion, Collapse and Underground) coverage.

Professional Liability ENGINEER agrees to maintain Professional (Errors & Omissions) Liability at a limit of liability not less than **\$2,000,000** per claim and **\$2,000,000** aggregate. For policies written on a "Claims-Made" basis, ENGINEER agrees to maintain a Retroactive Date prior to or equal to the Effective Date of this contract. In the event the policy is canceled, non-renewed, switched to an Occurrence Form, retroactive date advanced; or any other event triggering the right to purchase a Supplemental Extended Reporting Period (SERP) during the life of this contract, ENGINEER agrees to purchase a SERP with a minimum reporting period not less than two (2) years. The requirement to purchase a SERP shall not relieve ENGINEER of the obligation to provide replacement coverage.

Business Automobile Liability ENGINEER agrees to maintain Business Automobile Liability at a limit of liability not less than **\$2,000,000** combined single limit for any one occurrence and not less than \$150,000 per individual, covering both bodily injury, including accidental death, and property damage, to protect themselves from any and all

claims arising from the use of the ENGINEER's own automobiles, and trucks; hired automobiles, and trucks; and automobiles both on and off the site of work. Coverage shall include liability for Owned, Non-Owned & Hired automobiles. In the event ENGINEER does not own automobiles, ENGINEER agrees to maintain coverage for Hired & Non-Owned Auto Liability, which may be satisfied by way of endorsement to the Commercial General Liability policy or separate Business Auto Liability policy.

Workers' Compensation Insurance & Employers' Liability ENGINEER agrees to take out and maintain during the life of this contract, Employers' Liability and Workers' Compensation Insurance for all of their employees employed at the site of the work, and in case any work is sublet, the ENGINEER shall require the subcontractor similarly to provide Workers' Compensation Insurance for all the latter's employees unless such employees are covered by the protection afforded by the ENGINEER. Workers' Compensation coverages shall meet Missouri statutory limits. Employers' Liability minimum limits shall be \$500,000 each employee, \$500,000 each accident and \$500,000 policy limit. In case any class of employees engaged in hazardous work under this contract is not protected under the Workers' Compensation Statute, the ENGINEER shall provide and shall cause each subcontractor to provide Employers' Liability Insurance for the protection of their employees not otherwise protected.

Excess/Umbrella Liability The above liability limits may be satisfied by any combination of primary and excess/umbrella liability policies.

Additional Insured ENGINEER agrees to endorse CITY as an Additional Insured with a CG 2026 Additional Insured – Designated Person or Organization endorsement, or similar endorsement, to the Commercial General Liability. The Additional Insured shall read "City of Columbia."

Waiver of Subrogation ENGINEER agrees by entering into this contract to a Waiver of Subrogation for each required policy herein except professional liability. When required by the insurer, or should a policy condition not permit ENGINEER to enter into an pre-loss agreement to waive subrogation without an endorsement, then ENGINEER agrees to notify the insurer and request the policy be endorsed with a Waiver of Transfer of Rights of Recovery Against Others, or its equivalent. This Waiver of Subrogation requirement shall not apply to any policy, which includes a condition specifically prohibiting such an endorsement, or voids coverage should ENGINEER enter into such an agreement on a pre-loss basis.

Certificate(s) of Insurance ENGINEER agrees to provide CITY with Certificate(s) of Insurance evidencing that all coverages, limits and endorsements required herein are maintained and in full force and effect. Said Certificate(s) of Insurance shall include a minimum thirty (30) day endeavor to notify due to cancellation or non-renewal of coverage. The Certificate(s) of Insurance shall name the City as additional insured in an amount as required in this contract and contain a description of the project or work to be performed.

Right to Revise or Reject CITY reserves the right, but not the obligation, to review and revise any insurance requirement, not limited to limits, coverages and endorsements based on insurance market conditions affecting the availability or affordability of

coverage; or changes in the scope of work / specifications affecting the applicability of coverage. Additionally, CITY reserves the right, but not the obligation, to review and reject any insurance policies failing to meet the criteria stated herein or any insurer providing coverage due of its poor financial condition or failure to operating legally.

7.1.2 **HOLD HARMLESS AGREEMENT:** To the fullest extent not prohibited by law, ENGINEER shall indemnify and hold harmless the City of Columbia, its directors, officers, agents and employees from and against all claims, damages, losses and expenses (including but not limited to attorney's fees) arising by reason of any negligent act or failure to act, or willful misconduct, of ENGINEER, of any subcontractor (meaning anyone, including but not limited to consultants having a contract with ENGINEER or a subcontractor for part of the services), of anyone directly or indirectly employed by ENGINEER or by any subcontractor, or of anyone for whose acts ENGINEER or its subcontractor may be liable, in connection with providing these services except as provided in this Agreement. This provision does not, however, require ENGINEER to indemnify, hold harmless or defend the City of Columbia from its own negligence, except as set out herein.

7.2 Professional Responsibility

7.2.1 Missouri Licensure & Certificate of Authority

ENGINEER certifies that it is currently in compliance, and agrees to maintain compliance for the duration of this Agreement, with all licensure requirements of the Missouri Board for Architects, Professional Engineers, Professional Land Surveyors and Professional Landscape Architects (hereinafter "APEPLSPLA") to practice in Missouri as a professional engineer as provided under chapter 327 of the Missouri Revised Statutes. To the extent required by Section 327.401 of the Missouri Revised Statutes, ENGINEER understands and agrees that the person personally in charge and supervising the professional engineering services of ENGINEER under this Agreement shall be licensed and authorized to practice engineering in Missouri, and that ENGINEER will keep and maintain a valid certificate of authority from APEPLSPLA.

7.2.2 ENGINEER will exercise reasonable skill, care, and diligence in the performance of its services and will carry out its responsibilities in accordance with customarily accepted good professional engineering practices. If ENGINEER fails to meet the foregoing standard, ENGINEER will perform at its own cost, and without reimbursement from CITY, the professional engineering services necessary to correct errors and omissions which are caused by ENGINEER's failure to comply with above standard, and which are reported to ENGINEER within one year from the completion of ENGINEER's services for the PROJECT.

7.2.3 In addition, ENGINEER will be responsible to CITY for damages caused by its negligent conduct during its activities at the PROJECT site or in the field.

7.2.4 Professional Oversight Indemnification

ENGINEER understands and agrees that CITY has contracted with ENGINEER based upon ENGINEER's representations that ENGINEER is a skilled

professional and fully able to provide the services set out in this Agreement. In addition to any other indemnification set out in this Agreement, ENGINEER agrees to defend, indemnify and hold and save harmless CITY from any and all claims, settlements and judgments whatsoever arising out of CITY's alleged negligence in hiring or failing to properly supervise ENGINEER. ENGINEER agrees to provide CITY with Certificate(s) of Insurance evidencing that all coverages, limits and endorsements are maintained and in full force and effect.

7.3 Estimates and Projections

Estimates and projections prepared by ENGINEER relating to construction costs and schedules, operation and maintenance costs, equipment characteristics and performance, and operating results are based on ENGINEER's experience, qualifications and judgment as a design professional. Since ENGINEER has no control over weather, cost and availability of labor, material and equipment, labor productivity, construction contractor's procedures and methods, unavoidable delays, construction contractor's methods of determining prices, economic conditions, competitive bidding or market conditions and other factors affecting such estimates or projections, ENGINEER does not guarantee that actual rates, costs, performance, schedules, etc., will not vary from estimates and projections prepared by ENGINEER.

7.4 On-Site Services

PROJECT site visits by ENGINEER during construction shall not make ENGINEER responsible for construction means, methods, techniques, sequences or procedures; for construction safety precautions or programs; or for any construction contractor(s) failure to perform its work in accordance with the plans and specifications.

7.5 Changes

CITY shall have the right to make changes within the general scope of ENGINEER's services, with an appropriate change in compensation and/or schedule, upon execution of a mutually acceptable amendment or change order signed by an authorized representative of CITY and the President or any Vice President of ENGINEER.

7.6 Suspension of Services

Should CITY fail to fulfill its responsibilities as provided under Section 4 to the extent that ENGINEER is unduly hindered in ENGINEER's services or if CITY fails to make any payment to ENGINEER on account of its services and expenses within ninety (90) days after receipt of ENGINEER's bill therefor, ENGINEER may, after giving seven (7) days' written notice to CITY, suspend services under this Agreement until CITY has satisfied his obligations under this Agreement.

7.7 Termination

Services may be terminated by the CITY at any time and for any reason, and by ENGINEER in the event of substantial failure to perform in accordance with the terms hereof by CITY through no fault of ENGINEER, by ten (10) days' notice. If so terminated, CITY shall pay ENGINEER all uncontested amounts due ENGINEER for all

services properly rendered and expenses incurred to the date of receipt of notice of termination.

7.7.1 In the event of CITY's termination of this Agreement pursuant to the above section, all finished or unfinished documents, data, studies, surveys, drawings, maps, models, photographs and reports prepared under this Agreement, shall at the option of CITY become its property.

Further, ENGINEER shall not be relieved of any liability to CITY for any damages sustained by CITY by virtue of any breach of this Agreement by ENGINEER and CITY may withhold any payments due ENGINEER for the purpose of set-off until such time as the exact amount of damages to CITY, if any, is determined.

7.8 Publications

Recognizing the importance of professional development on the part of ENGINEER's employees and the importance of ENGINEER's public relations, ENGINEER may prepare publications, such as technical papers, articles for periodicals, and press releases, pertaining to ENGINEER's services for the PROJECT. Such publications will be provided to CITY in draft form for CITY's advance review. CITY will review such drafts promptly and will provide comments to ENGINEER. CITY may require deletion of proprietary data or confidential information from such publications but otherwise will not unreasonably withhold its approval. The cost of ENGINEER's activities pertaining to any such publication shall be paid entirely by ENGINEER.

7.9 Nondiscrimination

During the performance of this Agreement, ENGINEER agrees to the following:

7.9.1 ENGINEER shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, age, national origin, ancestry, marital status, disability, sexual orientation, gender identity or expression, or any other protected category designated by local, state, or federal law. ENGINEER shall take affirmative action to ensure that applicants are employed and that employees are treated during employment without regard to their race, color, religion, sex, age, national origin, ancestry, marital status, disability, sexual orientation, gender identity or expression, or any other protected category designated by local, state, or federal law. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training including apprenticeship. ENGINEER agrees to post notices in conspicuous places, available to employees and applicants for employment.

7.9.2 ENGINEER shall, in all solicitation or advertisements for employees placed by or on behalf of ENGINEER, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, age, national origin, ancestry,

marital status, disability, sexual orientation, gender identity or expression, or any other protected category designated by local, state, or federal law.

7.9.3 ENGINEER shall comply with all provisions of State and Federal Laws governing the regulation of Equal Employment Opportunity including Title VI of the Civil Rights Act of 1964.

7.10 Successor and Assigns

CITY and ENGINEER each binds himself and his successors, executors, administrators and assigns to the other party of this Agreement and to the successors, executors, administrators and assigns of such other party, in respect to all covenants of this Agreement; except as above, neither CITY nor ENGINEER shall assign, sublet or transfer his interest in the Agreement without the written consent of the other.

7.11 Rights and Benefits

ENGINEER's services will be performed solely for the benefit of the CITY and not for the benefit of any other persons or entities.

7.12 Compliance with Local Laws

ENGINEER shall comply with all applicable laws, ordinances and codes of the state and city.

7.13 Law; Submission to Jurisdiction Governing

This Agreement shall be governed by, interpreted and enforced in accordance with the laws of the State of Missouri and/or the laws of the United States, as applicable. The venue for all litigation arising out of, or relating to this Agreement, shall be Boone County, Missouri or the United States Western District of Missouri. The parties hereto irrevocably agree to submit to the exclusive jurisdiction of such courts in the State of Missouri and waive any defense of forum non conveniens.

7.14 Employment of Unauthorized Aliens Prohibited

7.14.1 ENGINEER agrees to comply with Missouri State Statute section 285.530 in that they shall not knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri.

7.14.2 As a condition for the award of this Agreement, ENGINEER shall, by sworn affidavit and provision of documentation, affirm its enrollment and participation in a federal work authorization program with respect to the employees working in connection with the contracted services. ENGINEER shall also sign an affidavit affirming that it does not knowingly employ any person who is an unauthorized alien in connection with the contracted services.

7.14.3 ENGINEER shall require each subcontractor to affirmatively state in its contract with ENGINEER that the subcontractor shall not knowingly employ, hire for employment or continue to employ an unauthorized alien to perform work within the state of Missouri. ENGINEER shall also require each subcontractor to provide ENGINEER

with a sworn affidavit under the penalty of perjury attesting to the fact that the subcontractor's employees are lawfully present in the United States.

7.15 No Waiver of Immunities

In no event shall the language of this Agreement constitute or be construed as a waiver or limitation for either party's rights or defenses with regard to each party's applicable sovereign, governmental, or official immunities and protections as provided by federal and state constitutions or laws.

7.16 Agreement Documents

This Agreement includes the following attachment, which is incorporated herein by reference:

| <u>Attachment</u> | <u>Description</u> |
|-------------------|------------------------------|
| A | Scope of Work |
| B | Work Authorization Affidavit |

In the event of a conflict between the terms and conditions of this Agreement and any attachment hereto, the terms contained in this Agreement shall prevail and the terms contained in any attachment shall subsequently prevail in the order attached hereto.

7.17 Entire Agreement

This Agreement represents the entire and integrated Agreement between ENGINEER and CITY relative to the Scope of Basic Services herein. All previous or contemporaneous agreements, representations, promises and conditions relating to ENGINEER's services described herein are superseded.

*Re: DRAFT Proposal for Parking Consulting Services
Task Order 2 – Residential Parking by Permit Only (RPPO) Plan
Columbia, MO*

Dear David:

Walker Consultants is pleased to submit for your review the proposal for consulting services regarding the Residential Parking by Permit Only (RPPO) Plan (Task Order 2). This proposal for Task Order 2 is subject to the terms and conditions set forth in the master agreement for professional services between the City of Columbia and Walker Consultants dated October 3, 2018. The enclosed proposal presents our understanding of this task, the proposed scope of services, schedule, and professional fee.

TASK ORDER UNDERSTANDING

The Parking Utility supports access to the City of Columbia with parking infrastructure consisting of 1,312 on-street meters representing 2,012 spaces, six (6) parking garages with a total of 2,300± spaces, ten (10) lots with a total of 535± spaces, and 80 ADA parking spaces. As the City continues to experience population and economic growth, there is an increased need for the Parking Utility to proactively identify and implement system enhancements that maximize use of the parking infrastructure by residents, visitors, and employees. Community stakeholders and City staff have expressed concerns and recommendations regarding improvements that warrant further review.

Of immediate importance is the development of a formal plan to evaluate and implement RPPO programs in defined areas where residents have expressed a need for improved on-street parking management. There are several neighborhoods in Columbia represented by a formal neighborhood association. These organized associations are recognized by City officials for the purpose of working together to improve the quality of life for all neighborhoods. The purpose of the RPPO Plan is to develop a comprehensive analysis that provides both a quantitative and qualitative policy assessment and defines a process by which an RPPO program is established within a neighborhood and regulated by the City. The RPPO evaluation will provide the City with a policy guideline to assist City-recognized neighborhood associations with a format for requesting an RPPO review and the implementation of a program.

SCOPE OF SERVICES

The intent of this RPPO Plan is to promote the balance of limited neighborhood parking availability with the development impact created by adjacent residential apartment, academic and or commercial activity. The City and its neighborhood residents recognize the economic value created through the use of effective and planned commercial activity and the invaluable presence of nearby academic institutions. The RPPO Plan will be a tool for the City to help maximize the use of public resources and continue to support the quality of life for Columbia residents, business owners and visitors.

The scope of work proposed for the Residential Parking by Permit Only Plan includes the following items:

1. Meet with representatives of the Parking Utility and Parking Advisory Commission to clarify expectations of scope, methodology, timeline, and budget.
2. Meet with Neighborhood Parking Advisory Group with representation from all Columbia neighborhoods that currently have parking concerns. The City of Columbia will form the advisory group.
3. Meet with Parking Utility staff to review past research reports, planning studies, and other information used by the Parking Utility to influence and develop current policies and goals.
4. Interview key Parking Utility staff and City representatives to obtain input on the current on-street parking operating procedures, policies, and practices.
5. Document downtown residential parking supply and demand. Walker will meet with downtown residential property managers to obtain residential parking data, and conduct parking occupancy counts in defined parking lots, garages and on-street areas that serve the downtown multiunit residential properties.
6. Obtain from Parking Utility:
 - a. List of key stakeholders and staff for Walker to interview;
 - b. List of key contacts at neighborhood associations, associated Ward, and civic organizations relevant to this engagement;
 - c. Fiscal Year 2018 Parking Utility Budget and YTD financial report;
 - d. Copy of 2015 Smart Growth Workshop Report;
 - e. Current downtown residential parking permit program policies;
 - f. Copy of Residential Parking by Permit Only ordinance, if available;
 - g. Benton Stephens Neighborhood RPPO Study (2016)
 - h. North Village Arts District RPPO Pilot Results (2013)
 - i. YTD revenue collected from \$5.00 Residential Parking Permit Fee;
 - j. On-street meter revenue reports by zone for past 12 months;
 - k. On-street citation records/reports by zone and citation type for past 12 months;
 - l. Organizational chart and job descriptions for all parking enforcement staff; and
 - m. Inventory of current parking enforcement equipment.

7. Work in coordination with City staff to schedule meetings with Neighborhood Parking Advisory Group and individual meetings with key stakeholders, if necessary.
 - a. City will provide Walker with contact information.
 - b. City will schedule and host all meetings.
 - c. Walker will facilitate meetings with the Neighborhood Parking Advisory Group and key stakeholders.
 - d. Walker will document and provide the City with all information obtained from all meetings.
8. Develop format for a neighborhood association to submit a formal request to the Parking Administrator indicating interest and requesting an RPPO review meeting.
9. Define the formal procedure for establishing an RPPO within the City of Columbia.
10. Prepare the draft RPPO ordinance for review by the City.
11. Walker will compile and organize stakeholder input by subject and group and identify common concerns and opportunities relevant to the Parking Utility.
12. Based upon Walker's evaluation of existing conditions and facilitation of stakeholder engagement, Walker will provide recommendations for RPPO policies and procedures.
13. Walker will prepare a draft report that opines upon our findings, conclusions, and recommendations. The list of recommendations will be organized by priority and include the conceptual estimate of the cost to implement. Submit an electronic PDF copy of the draft report to the City for review, comment, and discussion.
14. Walker will review draft Mission Statement for Parking Utility and provide feedback. Walker's feedback may include statement revisions and a list of key performance indicators (KPIs) that measure the fulfillment of the Mission Statement.
15. Meet with the City (in person or via teleconference) to discuss the draft report document.
16. Based upon the results of the meeting, incorporate City comments once into a final version of the report, and issue to the City in PDF format.

RPPO IMPLIMENTATION

The following scope of services applies to the implementation of the RPPO in select neighborhoods that formally request that the City evaluate and apply the new RPPO program.

1. Upon request by the City, Walker representatives, City leadership staff members of the Department of Public Works, including the Parking Administrator, will attend publicly-advertised meetings with the Neighborhood Parking Advisory Group to learn of the specific concerns and identify the proposed RPPO boundaries (by streets) within the larger neighborhood street boundaries. Public concerns and boundary requests will be shared through the use of an organized presentation to City staff and the collective neighborhood association membership. The number of meetings will be determined in coordination with the City. Note the number of meetings may have an impact on the overall project schedule.
2. Upon request by the City, on-street hourly parking occupancy surveys will be performed by Walker to determine the appropriate parking regulations for the proposed RPPO street boundaries. The defined boundary of each neighborhood association will be confirmed prior to conducting field observations. On-street parking occupancy counts will occur on a typical weekday and weekend day between the hours of 8:00 AM and 8:00 PM. Exact periods and days will be determined in coordination with the City. If the occupancy study results support the need for further RPPO evaluation, then the Walker will provide a concept design of the neighborhood RPPO Plan. The concept design will formalize the on-street parking inventory using the City's established code or ordinances and identify implementation costs associated with regulatory signs and pavement markings.
3. If applicable, the City will host a follow-up meeting with the neighborhood association representatives to present the findings associated with the proposed RPPO Plan. Based on the approved process for authorization, during this publicly-advertised meeting, the City may seek approval for the final concept design from a majority vote of the neighborhood association. The specific methodology for obtaining association approval will be determined in coordination with the City and included in the RPPO ordinance.
4. Meeting minutes from the publicly-advertised meetings will be provided to the City by Walker.

PROFESSIONAL FEE

Walker will perform the services outlined above on a time and materials basis, at the rates listed in the Standard Billing Rates attachment, not to exceed \$125,000.00.

The proposed fee limit reflects an estimated budget of \$40,000.00 for Stakeholder Engagement, \$32,000.00 for Field Data Collection, and \$53,000.00 for RPPO Program Development, Report and Presentation Preparation, and Project Team Meetings. This information is provided to help identify the degree of economies that may be realized on subsequent task orders.

Reimbursable expenses will be billed at 1.15 times the cost of travel and living expenses, purchase or rental of specialized equipment, photographs and renderings, document reproduction, postage and delivery costs, long-distance telephone and facsimile charges, additional service consultants, and other project related expenses.

SCHEDULE

Walker is prepared to begin work on the defined scope immediately upon receiving authorization to proceed by the City. The proposed project schedule is six (6) months. Monthly progress reports will be provided to the Transit and Parking Manager, and meetings with the Neighborhood Parking Advisory Group will be scheduled according to the availability of advisory group members and City staff. A formal project schedule will be finalized and distributed to the project representatives after the initial project kickoff meeting.

Sincerely,

WALKER CONSULTANTS

SERVICES

Walker Consultants ("Walker") will provide the CLIENT professional services that are limited to the work described in the attached letter ("the services"). Any additional services requested will be provided at our standard hourly rates or for a mutually agreed lump sum fee. The services are provided solely in accordance with written information and documents supplied by the CLIENT and are limited to and furnished solely for the specific use disclosed to us in writing by the CLIENT. No third-party beneficiary is contemplated. All documents prepared or provided by WALKER are its instruments of service, and any use for modifications or extensions of this work, for new projects, or for completion of this project by others without Walker's specific written consent will be at CLIENT's sole risk.

PAYMENT FOR SERVICES

Walker will submit monthly invoices based on work completed plus reimbursable expenses. Reimbursable expenses will be billed at 1.15 times the cost of travel and living expenses, purchase or rental of specialized equipment, photographs and renderings, document reproduction, postage and delivery costs, long distance telephone and facsimile charges, additional service consultants, and other project related expenses. Payment is due upon receipt of invoice. If for any reason the CLIENT does not deliver payment to WALKER within thirty (30) days of date of invoice, Walker may, at its option, suspend or withhold services. The CLIENT agrees to pay Walker a monthly late charge of one and one half percent (1½%) per month of any unpaid balance of the invoice.

STANDARD OF CARE

Walker will perform the services in accordance with generally accepted standards of the profession using applicable building codes in effect at time of execution of this Agreement. Walker's liability caused by its acts, errors or omissions shall be limited to the fee or \$10,000, whichever is greater.

Any estimates or projections provided by Walker will be premised in part upon assumptions provided by the CLIENT. Walker will not independently investigate the accuracy of the assumptions. Because of the inherent uncertainty and probable variation of the assumptions, actual results will vary from estimated or projected results and such variations may be material. As such, Walker makes no warranty or representation, express or implied, as to the accuracy of the estimates or projections.

PERIOD OF SERVICE

Services shall be complete the earlier of (1) the date when final documents are accepted by the CLIENT or (2) thirty (30) days after final documents are delivered to the CLIENT.

NOTICE TO VENDORS

Section 285.525 – 285.550 RSMo Effective January 1, 2009

Effective January 1, 2009 and pursuant to RSMo 285.530 (1), No business entity or employer shall knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri.

As a condition for the award of any contract or grant in excess of five thousand dollars by the state or by any political subdivision of the state to a business entity, or for any business entity receiving a state administered or subsidized tax credit, tax abatement, or loan from the state, the business entity shall, by sworn affidavit and provision of documentation, affirm its enrollment and participation in a federal work authorization program with respect to the employees working in connection with the contracted services. Every such business entity shall sign an affidavit affirming that it does not knowingly employ any person who is an unauthorized alien in connection with the contracted services. [RSMO 285.530 (2)]

An employer may enroll and participate in a federal work authorization program and shall verify the employment eligibility of every employee in the employer's hire whose employment commences after the employer enrolls in a federal work authorization program. The employer shall retain a copy of the dated verification report received from the federal government. Any business entity that participates in such program shall have an affirmative defense that such business entity has not violated subsection 1 of this section. [RSMO 285.530 (4)]

For vendors that are not already enrolled and participating in a federal work authorization program, E-Verify is an example of this type of program. Information regarding E-Verify is available at:
http://www.dhs.gov/xprevprot/programs/gc_1185221678150.shtm.

CITY OF COLUMBIA, MISSOURI
WORK AUTHORIZATION AFFIDAVIT
PURSUANT TO 285.530 RSMo
(FOR ALL CONTRACTS IN EXCESS OF \$5,000.00)

County of Kalamazoo)
State of Michigan) ss.

My name is Risë Landeros. I am an authorized agent of Walker Consultants (Bidder). This business is enrolled and participates in a federal work authorization program for all employees working in connection with services provided to the City of Columbia. This business does not knowingly employ any person who is an unauthorized alien in connection with the services being provided.

Documentation of participation in a federal work authorization program is attached to this affidavit.

Furthermore, all subcontractors working on this contract shall affirmatively state in writing in their contracts that they are not in violation of Section 285.530.1 RSMo and shall not thereafter be in violation. Alternatively, a subcontractor may submit a sworn affidavit under penalty of perjury that all employees are lawfully present in the United States.
