Subject: Woodcrest

To whom it may concern:

Woodcrest has been a good and thoughtful support and neighbor to us for more than 30 years. We would like to express our endorsement of the plan to add new zoning at their current location.

We believe it is time for us to be a supportive neighbor to Woodcrest and serve their best interest just like they've done for us and our family. Woodcrest has served our community well, not only in their Sunday services, but in their community effort and outreach in their work with the less fortunate in Columbia.

They've offered structured programming to our community in a variety of ways including divorce care, financial teaching and addiction & recovery support classes.

We believe strongly that Woodcrest should remain an integral part of our neighborhood and community for years to come! Anything we can do to help ensure that happens has our full support.
